AMS-MAA Program Updates

Joint Prize Session, Monday, 4:25 p.m.: The MAA prizes include the Deborah and Franklin Tepper Haimo Award for Distinguished College or University Teaching of Mathematics, the Chauvenet Prize, the Beckenbach Book Prize, and Certificates of Meritorious Service.

Professors for the Future Programs, Wednesday, 9:00 a.m.–10:30 a.m., organized by **Samuel M. Rankin III**, AMS, and **Thomas W. Rishel**, MAA. Various graduate student development and training programs, often described as Professors for the Future, have come into existence at institutions across the country. One of these is funded by the NSF and administered through the AMS and MAA. In this panel, directors of both the NSF-funded and some of the separately-funded programs will discuss their activities, looking at what works and what doesn't, and concentrating on the effects they are seeing on the continuing careers of their students.

MAA Program Updates

The Environment: A Context for Learning, Monday, 9:00 a.m.–10:30 a.m. This panel will be moderated by **Patricia Clark Kenschaft**, Montclair State University.

Mathematical Experiences for Students Outside the Classroom, Tuesday, 1:00 p.m.–3:15 p.m., organized by **Richard L. Poss**, St. Norbert College and **Tom Kelley**, Henry Ford Community College. Mathematics “happens” outside the classroom and, in fact, many math majors are drawn to the subject through an event sponsored by a Student Chapter or Math Club. This session seeks presentations by academic, industrial, business, or student mathematicians.

Descriptions of nonclassroom activities could include, but are not limited to, special lectures, workshops for students, Math Days, Math Fairs, research projects for students, Career Days, recreational mathematics, problem solving activities, and student consultants. Applications should be submitted to Rick Poss (possr1@mail.snc.edu) by November 31, 2001. The application should include name, address, phone number, e-mail address, title of presentation, and a one-page description of the activity. Presentation time is limited and there is no guarantee that all submissions can be accepted. Applicants will be notified by December 14 whether or not their proposal has been accepted. This session is sponsored by the MAA Committee on Student Chapters.

The Mathematical Education of Teachers, Tuesday, 1:00 p.m.–2:30 p.m., organized by **Ronald C. Rosier**, CBMS. *The Mathematical Education of Teachers*, published last August by the AMS and the MAA, calls for mathematics faculty to take a more active role in the preparation of future teachers of mathematics at all levels. Two themes guide the MET document: 1) the intellectual substance in school mathematics, and 2) the special nature of mathematical knowledge needed for teaching. This session will focus upon how faculty can use the document to develop courses which can provide future teachers with a deeper understanding. The speakers include **James Lewis**, University of Nebraska; **Alan C. Tucker**, SUNY at Stony Brook; and **Glenda Lappan**, University of Michigan.

Social Events Updates

Mathematical Sciences Institutes Reception, Sunday, 5:30 p.m.–7:30 p.m. CRM, DIMACS, The Fields Institute, IMA, IPAM, MSRI, and PIMS invite you to a reception where you can talk to their representatives and learn about their current and future programs and activities (or reminisce about their past ones). The participating institutes are Centre de Recherches Mathématiques (Montréal), the Center for Discrete Mathematics and Theoretical Computer Science (New Jersey), The Fields Institute (Toronto), the Institute for Mathematics and its Applications (Minneapolis), the Institute for Pure and Applied Mathematics at UCLA (Los Angeles), the Mathematical Sciences Research Institute (Berkeley), and the Pacific Institute for the Mathematical Sciences (Vancouver).

MAA Two-Year College Reception, Monday, 5:45 p.m.–7:00 p.m., sponsored by Addison Wesley Longman.

Knitting Network, Monday, 8:15 p.m.–9:45 p.m., organized by Sarah-Marie Belcastro, Bowdoin College, and Carolyn Yackel, Indiana University. Join other mathematicians in discussing the mathematics involved in certain fiber arts, and bring along your current project.

Mathematical Reviews Reception: Day and time to be announced. All friends of MR are invited to join reviewers and MR editors and staff (past and present) in celebrating the 60th anniversary of the founding of *Mathematical Reviews*. Refreshments will be served.
