

MATHEMATICAL REVIEWS ASSOCIATE EDITOR

Applications and recommendations are invited for a full-time position as an Associate Editor of *Mathematical Reviews* (MR), to commence as soon as possible after June 1, 2008, and no later than January 1, 2009.

The *Mathematical Reviews* division of the American Mathematical Society (AMS) is located in Ann Arbor, Michigan, not far from the campus of the University of Michigan. The editors are employees of the AMS; they also enjoy many privileges at the University. At present, the AMS

employs over seventy people including fifteen mathematical editors at *Mathematical Reviews*. MR's mission is to develop and maintain the AMS databases covering the published mathematical literature. The chief responsibility is the development and maintenance of the MR Database, from which all MR-related products are produced: MathSciNet, the journals *Mathematical Reviews* and *Current Mathematical Publications*, and MathSciDisc.

An Associate Editor is responsible for a broad area of mathematics. Editors select articles and books for coverage, classify these items, determine the type of coverage, assign selected items for review to reviewers, and edit the reviews when they are returned.

An individual is sought who has mathematical breadth with an interest in current developments and is willing to learn new topics in pure and applied mathematics; the ability to write well in the English language is important, and the ability to read mathematics in major foreign languages is an advantage. Evidence of written scholarship in mathematics is expected. The applicant normally should have at least five years of relevant academic (or equivalent) experience beyond the Ph.D.

The twelve-month salary will be commensurate with the experience the applicant brings to the position. Interested applicants are invited to write (or telephone) for further information.

Applications (including curriculum vitae; bibliography; and the names, addresses, phone numbers, and email addresses of at least three references) and recommendations should be sent to

Dr. Kevin F. Clancey
Executive Editor
Mathematical Reviews
P. O. Box 8604
Ann Arbor, MI 48107-8604

email: kfc@ams.org
Tel: (734) 996-5257
Fax: (734) 996-2916

The closing date for applications is December 31, 2007.
The American Mathematical Society is an Equal Opportunity Employer.
