

**ARIZONA STATE UNIVERSITY**

**ENVIRONMENTAL FLUID DYNAMICS**

The Department of Mathematics and Statistics at Arizona State University invites applications for a tenure-track position at the Assistant Professor level beginning in the fall semester of 2008. Applicants are required to have a Ph.D. in the Mathematical Sciences or a related field with a research emphasis in Environmental Fluid Dynamics by August 14, 2008.

Applications must be submitted online through <http://www.mathjobs.org>. All applications must include the following: (1) a curriculum vita, (2) a personal statement addressing their research agenda, (3) a statement of teaching philosophy and (4) a completed AMS Standard Cover Sheet form. At least three letters of recommendation are also to be submitted at this site.
