

Swissquote Chair of Quantitative Finance

at the Ecole Polytechnique Fédérale de Lausanne
(EPFL), Switzerland

The Ecole Polytechnique Fédérale de Lausanne (EPFL) invites applications for a faculty position (full professor) in the context of the newly established Swissquote Chair of Quantitative Finance. This position forms a strategic part of plans of EPFL to create a world-class research and teaching initiative in financial engineering.

The successful candidate will establish and lead a vigorous independent research program in a multidisciplinary environment, open to engaging with researchers in related fields across the EPFL campus, such as finance, mathematics, economics, management, computer science and operations research. Depending on the research emphasis of the candidate, the position could be housed in the College of Management (cdm.epfl.ch), the School of Basic Sciences (Mathematics - sma.epfl.ch) or the School of Computer and Communication Sciences (ic.epfl.ch). The successful candidate will be committed to excellence in teaching and bring new developments to the classroom, in particular in the framework of our new Master program in Financial Engineering.

Substantial start-up resources and research infrastructure will be available.

Applications should be submitted before **July 31, 2008**, though late applications may be considered. The starting date is flexible through 2009.

Applications including curriculum vitae, publication list, concise statement of research and teaching interests as well as the names and addresses (including email) of 3 to 6 references should be submitted in PDF format through the link below:
