

## Professor in Computational Mathematics

The Department of Mathematics at the University of Basel invites applications for a professorship in computational mathematics, preferably starting 1<sup>st</sup> August 2009. Candidates must hold a Ph.D. degree in some aspect of mathematics, and some postdoctoral teaching experience is preferred. The successful candidate is expected to perform independent research in areas related, for example, to partial differential equations, numerical analysis, stochastic processes or multi-scale methods. A strong commitment to excellence in teaching and research is essential.

Applicants should provide a curriculum vitae, a publication list indicating five significant papers (with links for downloading), a statement of current and future research plans, and reports on teaching experience, together with the names and addresses of five potential referees. As the University of Basle would like to increase its female staff, women are strongly encouraged to apply. Applications should be sent to Prof. Dr. E. Parlow, Dean, Faculty of Science, Klingelbergstrasse 50, 4056 Basel, Switzerland with a electronic copy (pdf or zip) to [Dekanat-Philnat@unibas.ch](mailto:Dekanat-Philnat@unibas.ch)

The deadline for receipt is 31<sup>st</sup> October 2008. For additional information please contact Prof. H. Kraft, Mathematisches Institut, Rheinsprung 21, 4051 Basel, Switzerland. [Hanspeter.Kraft@unibas.ch](mailto:Hanspeter.Kraft@unibas.ch) or <http://www.math.unibas.ch>
