

Bestsellers from the AMS Distributed Series Hindustan Book Agency

Analysis I & II

Terence Tao, *University of California, Los Angeles, CA*

...it would be an error not to stick very close to the text — its very well crafted indeed and deviating from the score would mean an unacceptable dissonance.

I hope to use "Analysis I, II" in an honors course myself, when the opportunity arises.

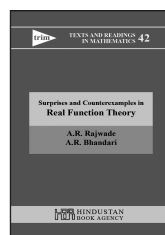

—Michael Berg, for MAA Reviews

Analysis I; 2006; 420 pages; Softcover; ISBN: 978-81-85931-62-3; List US\$36; AMS members US\$29; Order code HIN/28

Surprises and Counterexamples in Real Function Theory

A. R. Rajwade and A. K. Bhandari, *Panjab University, Chandigarh, India*

Teachers of the theory of calculus will benefit by having this book on their shelves; I wish I'd had it available when I was teaching.

—Kenneth A. Ross, for MAA Reviews

Hindustan Book Agency; 2007; 298 pages; Hardcover; ISBN: 978-81-85931-71-5; List US\$42; AMS members US\$34; Order code HIN/32
