

RECRUITING TOP MATHEMATICIANS

Shanghai Jiao Tong University, a top-5 university in China, is rolling out an ambitious multi-year recruitment program to attract several dozens of faculty members at all levels in all major fields of modern applied & pure mathematics, from endowed chair professorships for senior mathematicians with well-established academic credentials, to junior and senior professorships for candidates with exceptional research records or potential.

SJTU provides excellent research environment and competitive compensation packages. Applications should consist of a CV with a list of publications and a summary of future research plans, along with four letters of reference. Please submit application materials electronically to <wkwang@sjtu.edu.cn>.
