

Mathematical Reflections

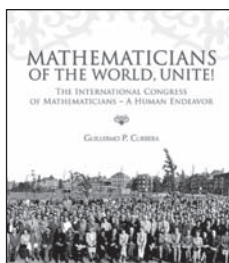

\$49.00; Hardcover

“Once you start looking through *Recountings* you can’t put it down. . . It’s a terrifically interesting book, and just plain fun. I’ll read it again and again.”

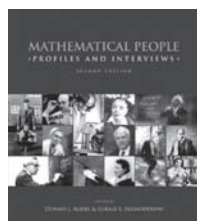

—Michael Berg,
MAA Reviews

“The text is a joy to read and the lavish layout is a delight to the eye. . . If you enjoy reading about mathematicians, their foibles as well as their passions for this subject, you can be assured that this book has much to offer.”

—Gerald L. Alexanderson,
MAA Reviews

\$59.00; Hardcover

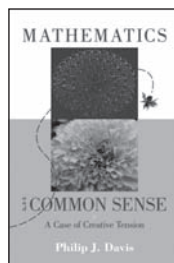

\$59.00; Hardcover

“The book . . . makes the ways in which mathematicians work and mathematics progresses more understandable to the general public.”

—CHOICE Magazine

“This book was fun to read, and I recommend at least a perusal to undergraduate math students, graduate students in mathematics, and working mathematicians. . . It gives a healthy view of our subject.”

—Karen Saxe, *The Mathematical Intelligencer*
