

# QUANTITATIVE FINANCE

---

**RENAISSANCE TECHNOLOGIES**, a quantitatively based financial management firm, has openings for research and programming positions at its Long Island, NY research center.

## *Research & Programming Opportunities*

---

We are looking for highly trained professionals who are interested in applying advanced methods to the modeling of global financial markets. You would be joining a group of roughly one hundred fifty people, half of whom have Ph.D.s in scientific disciplines. We have a spectrum of opportunities for individuals with the right scientific and computing skills. Experience in finance is not required.

The ideal **research** candidate will have:

- A Ph.D. in Computer Science, Mathematics, Physics, Statistics, or a related discipline
- A demonstrated capacity to do first-class research
- Computer programming skills
- An intense interest in applying quantitative analysis to solve difficult problems

The ideal **programming** candidate will have:

- Strong analytical and programming skills
- An In depth knowledge of software development in a C++ Unix environment

---

Compensation is comprised of a base salary and a bonus tied to company-wide performance.
