

## Mathematical Reviews/MathSciNet Associate Editor

Applications are invited for a full-time position as an Associate Editor of Mathematical Reviews/MathSciNet, to commence as soon as possible after March 1, 2012, preferably before July 1, 2012. The Mathematical Reviews (MR) division of the American Mathematical Society (AMS) is located in Ann Arbor, Michigan, in a beautiful historic building close to the campus of the University of Michigan. The editors are employees of the AMS; they also enjoy many privileges at the University. At present, the AMS employs over seventy people at Mathematical Reviews, including sixteen mathematical editors. MR's mission is to develop and maintain the MR Database, from which MathSciNet is produced.

An Associate Editor is responsible for a broad area of the mathematical sciences. Editors select articles and books for coverage, classify these items, determine the type of coverage, assign selected items for review to reviewers, and edit the reviews when they are returned.

The successful applicant will have mathematical breadth with an interest in current developments, and will be willing to learn new topics in pure and applied mathematics. The ability to write well in English is essential, and the ability to read mathematics in German is an advantage. Preference will be given to applicants with expertise in one or more of the following areas: mathematical biology, fluid mechanics, information and communication, and theoretical computer science. The applicant should normally have several years of relevant academic (or equivalent) experience beyond the Ph.D. Evidence of written scholarship in mathematics is expected.

The twelve-month salary will be commensurate with the experience the applicant brings to the position. Interested applicants are invited to write (or phone) for further information and to meet MR editors at the AMS booth at the 2012 Joint Mathematics Meetings in Boston.

Applications (including curriculum vitae; bibliography; and the names, addresses, phone numbers, and email addresses of at least three references) should be sent to:

Dr. Graeme Fairweather  
Executive Editor  
Mathematical Reviews  
P. O. Box 8604  
Ann Arbor, MI 48107-8604

email: [gxf@ams.org](mailto:gxf@ams.org)  
Tel: (734) 996-5257  
Fax: (734) 996-2916  
URL: [www.ams.org/mr-database](http://www.ams.org/mr-database)

Applications received by January 21, 2012, will receive full consideration.
