Electronic Mathematical Reviews® Sections

Electronic Mathematical Reviews® (eMR) Sections

You can now stay informed of new research published in your subject area by subscribing to the electronic Mathematical Reviews® (eMR) Section of your choice. Subject areas are assigned using MSC 2010.

eMR Sections Provide:

- Improved accessibility and portability, as eMR Section issues will be posted monthly and available as downloadable PDFs
- New content notification via RSS feed
- Perpetual access
- Discounted pricing for MR Reviewers and AMS individual members
- Low cost option for researchers and faculty whose institutions don't currently subscribe to the full database, MathSciNet

For ordering information, please visit:
