CALL FOR CONFERENCE PROPOSALS

2016 Mathematics Research Communities

The American Mathematical Society invites individuals and groups of individuals to serve as organizers of the conferences of the Mathematics Research Communities (MRC) program to be held in Snowbird, Utah, during the summer of 2016.

The goal of the MRC program is to create research cohorts of early-career mathematicians that will sustain themselves over time, fostering joint research and coherent research programs. The MRC program aims to achieve this goal through:

• One-week conferences for each topic
• Special Sessions at the national meeting
• Discussion networks by research topic
• Funding for additional collaborations
• Longitudinal study of early-career mathematicians

This program is supported by a grant from the National Science Foundation.
