MBI Early Career Awards
The Mathematical Biosciences Institute (MBI) is accepting applications for Early Career Awards for the 2015-2016 emphasis programs:

Fall 2015 - Mathematical Molecular Biosciences
Spring 2016 - Dynamics of Biologically Inspired Networks

Early Career Awards enable recipients to be in residence at the Mathematical Biosciences Institute for stays of at least three months during an emphasis program. Details of the 2015-2016 programs can be found at http://mbi.osu.edu/participate/early-career-award/.

Early Career Awards are aimed at non-tenured scientists who have continuing employment and who hold a doctorate in any of the mathematical, statistical and computational sciences, or in any of the biological, medical, and related sciences.

An Early Career Award will be for a maximum of $7,000 per month of residency and for a maximum of nine months during the academic year. The award may be used for salary and benefits, teaching buyouts, and/or local expenses (restrictions apply).

Applying for an Early Career Award
- Applications completed before December 1, 2014 will receive full consideration.
- The applicant should state the period that he/she plans to be in residence.
- Applications are to be submitted online at www.mathjobs.org/jobs/mbi.
- Applicants need to provide a curriculum vita, a research statement, and three letters of recommendation. One letter should be from the department chair of the applicant’s home institution; the chair’s letter should approve of the proposed financial arrangements for the candidate’s stay at MBI.

MBI Postdoctoral Fellowships
The Mathematical Biosciences Institute (MBI) is accepting applications for Postdoctoral Fellows to start September 2015.

MBI postdoctoral fellows engage in a three-year integrated program of tutorials, working seminars or journal clubs, and workshops, and in interactions with their mathematical and bioscience mentors. These activities are geared toward providing the tools to pursue an independent research program with an emphasis on collaborative research in the mathematical biosciences. MBI facilitated activities are tailored to the needs of each postdoctoral fellow.

Applying for a Postdoctoral Fellowship
- Applications for an MBI postdoctoral fellowship are to be submitted online at https://www.mathjobs.org/jobs/mbi.
- Applicants need to provide a curriculum vita, a research statement, and three letters of recommendation.
- Applications completed before December 8, 2014 will receive full consideration.
