Turing Fellowships in Mathematics (up to 3 Posts)

£34,233 to £58,172 per annum according to relevant experience

Named after Alan Turing, one of the most gifted and innovative researchers of the twentieth century (and was of course a member of staff of the University of Manchester), these highly prestigious fellowships are open to truly outstanding mathematicians from across the world. The fellowships are funded by a generous external donation, and are of four years duration.

Fellows will engage in research of the highest international standing in the most challenging areas of mathematics. Lecturing and administrative duties will be minimal, with teaching typically limited to one course per year on advanced material, quite possibly closely related to the fellows’ research interests. Fellows will be expected to seek further funding in order to further promote their research. They will also contribute fully to the rich and diverse research life of the School of Mathematics, for example by hosting conferences in their field and supervising PhD students. Substantial funds will be available to support research and travel expenses.

Applicants will be engaging in research at the highest international standards and show the promise of becoming world leaders in their fields. Applicants will usually be outstanding early-career postdoctoral researchers, but recent doctorands of exceptional ability and potential will also be considered.

Informal enquiries can be made to Professor Peter Duck at peter.duck@manchester.ac.uk or on 0161 275 5881.

Subject-specific enquiries can be made to Professor Peter Rowley at peter.j.rowley@manchester.ac.uk or on 0161 306 3648.

Applications should be made online. If you are unable to apply online please request an application form by emailing hrservices@manchester.ac.uk quoting the reference number: Ref: EPS-05368 or by calling 0161 275 4499 (HR Services).

The University of Manchester values a diverse workforce and welcomes applications from all sections of the community.
