Faculty Positions in
APPLIED ANALYSIS OF
PARTIAL DIFFERENTIAL
EQUATIONS

The Computer, Electrical, and Mathematical Sciences and Engineering Division (CEMSE) at King Abdullah University of Science and Technology (KAUST) invites applications for a faculty position in Applied Analysis of Partial Differential Equations. The position will be in the Applied Mathematics and Computational Science program within CEMSE. The hiring will preferentially be at the level of Assistant Professor, although suitable candidates on more senior levels will also be considered.

KAUST is an international, graduate-level research University dedicated to advancing science and technology through interdisciplinary research, education, and innovation. Located on the shores of the Red Sea in Saudi Arabia, KAUST offers superb research facilities, generous assured research funding, and internationally competitive salaries, attracting top international faculty, scientists, engineers, and students to conduct fundamental and goal-oriented research to address the world’s pressing scientific and technological challenges in the areas of food, water, energy, and the environment.

We are particularly interested in applicants working on differential equations in quantum mechanics and/or geometric partial differential equations. However, excellent candidates with expertise in applied analysis of partial differential equations are encouraged to apply as well.

The successful candidate will have a doctoral degree in Mathematics or Applied Mathematics, interest in interdisciplinary research, and a strong publication record commensurate with the level of the post he/she applies for. For senior positions, evidence of a track record in attracting external funding and in independent research is essential. Applicants should apply by visiting [http://apptrkr.com/537788](http://apptrkr.com/537788)

Applications received by January 5, 2015 will receive full consideration, and positions will remain open until filled.
