CALIFORNIA

UNIVERSITY OF CALIFORNIA LOS ANGELES
Institute for Pure and Applied Mathematics

The Institute for Pure and Applied Mathematics (IPAM) at UCLA is seeking an Associate Director (AD), to begin a two-year appointment on August 1, 2015. The AD is expected to be an active and established research mathematician or scientist in a related field, with experience in conference organization. The primary responsibility of the AD will be running individual programs in coordination with the organizing committees. The selected candidate will be encouraged to continue his or her personal research program within the context of the responsibilities to the institute. For a detailed job description and application instructions, go to www.ipam.ucla.edu/adsearch. Applications will receive fullest consideration if received by February 15, 2015, but we will accept applications as long as the position remains open. UCLA is an Equal Opportunity/Affirmative Action Employer.

MISSOURI

UNIVERSITY OF CENTRAL MISSOURI
Tenure-Track Position in Actuarial Science and Mathematics (#998450)

The Department of Mathematics and Computer Science at the University of Central Missouri (UCM) invites applications for a tenure-track assistant professor position in Actuarial Science and Mathematics to begin in August 2015.

Applicants must have a PhD degree in actuarial science, mathematics, or statistics by August 10, 2015. Successful candidates should be able to teach a variety of undergraduate and master's level courses, including graduate courses in analysis and statistics. Preference will be given to candidates who are in the process of, or interested in, achieving an Associate or Fellow designation in the Society of Actuaries and can contribute to UCM earning the Centers of Actuarial Excellence designation. The Associate or Fellow designation in the Society of Actuaries must be obtained before promotion and tenure consideration.

Initial screening of applications begins January 15, 2015, and continues until position is filled. For more information about the position and the application process, visit www.ucmo.edu/math-cs/openings.cfm.

NEW YORK

CLARKSON UNIVERSITY
Department of Mathematics

Clarkson University Department of Mathematics (www.clarkson.edu/math) invites applications for a tenure-track Assistant Professor position in statistics or applied mathematics starting in August 2015.

We are especially interested in candidates with expertise in statistics and computational areas of applied mathematics, but all areas of applied mathematics will be considered. Responsibilities will include teaching undergraduate and graduate level mathematics courses, and directing graduate students. Minimum requirements are a PhD in mathematics or statistics by the date of appointment, demonstrated excellence in both research potential and teaching ability, and fluency in English. In addition, the candidate should be able to interact with other faculty in the department and the university.

Applications including vita and three reference letters should be submitted to <https://clarkson.peopleadmin.com/>. Completed applications will be reviewed starting immediately. Women and minorities are urged to apply. Clarkson University is an AA/EOE Employer.

Suggested uses for classified advertising are positions available, books or lecture notes for sale, books being sought, exchange or rental of houses, and typing services.

The 2015 rate is \$3.50 per word with a minimum two-line headline. No discounts for multiple ads or the same ad in consecutive issues. For an additional \$10 charge, announcements can be placed anonymously. Correspondence will be forwarded.

Advertisements in the "Positions Available" classified section will be set with a minimum one-line headline, consisting of the institution name above body copy, unless additional headline copy is specified by the advertiser. Headlines will be centered in boldface at no extra charge. Ads will appear in the language in which they are submitted.

There are no member discounts for classified ads. Dictation over the telephone will not be accepted for classified ads.

Upcoming deadlines for classified advertising are as follows: February 2015 issue–December 8, 2014; March 2015 issue–January 2, 2015; April

2015 issue–January 29, 2015; May 2015 issue–March 2, 2015; June/July 2015 issue–April 29, 2015; August 2015 issue –May 29, 2015.

U.S. laws prohibit discrimination in employment on the basis of color, age, sex, race, religion, or national origin. "Positions Available" advertisements from institutions outside the U.S. cannot be published unless they are accompanied by a statement that the institution does not discriminate on these grounds whether or not it is subject to U.S. laws. Details and specific wording may be found on page 1373 (vol. 44).

Situations wanted advertisements from involuntarily unemployed mathematicians are accepted under certain conditions for free publication. Call toll-free 800-321-4AMS (321-4267) in the U.S. and Canada or 401-455-4084 worldwide for further information.

Submission: Promotions Department, AMS, P.O. Box 6248, Providence, Rhode Island 02940; or via fax: 401-331-3842; or send email to Classads@ams.org. AMS location for express delivery packages is 201 Charles Street, Providence, Rhode Island 02904. Advertisers will be billed upon publication.

RHODE ISLAND

ICERM
**Institute for Computational and
Experimental Research in Mathematics
Director Search Announcement**

The Board of Trustees of the Institute for Computational and Experimental Research in Mathematics (ICERM) and Brown University seek a new director of ICERM for an appointment to begin between August 2015 and July 2016. The Director will serve as the scientific and administrative leader of the institute and will be a distinguished member of the Brown faculty.

The successful candidate will possess outstanding scholarly credentials, including a PhD, as well as demonstrated academic leadership experience. The Director will hold a tenured position at Brown University in the Department of Mathematics or the Division of Applied Mathematics, or jointly in at least one of these departments. Preference will be given to applicants whose research interests align with the mission of ICERM. Although the Director will have no formal teaching obligations, the Director's faculty appointment will carry some expectation of service both to the department(s) in which the Director is appointed and to the university. The term of the appointment as Director of ICERM ends August 2020, and may be renewed.

The search committee consists of members of the ICERM Board of Trustees and faculty in Mathematics and Applied Mathematics.

Applicants should submit a cover letter and CV to director@icerm.brown.edu. Review of applications will begin January 15, 2015, and applications will be accepted until the position is filled. For more information, contact Jeffrey Brock, Chair of Mathematics or Bjorn Sandstede, Chair of Applied Mathematics, or go to icerm.brown.edu.

Brown University is committed to fostering a diverse and inclusive academic global community; as an EEO/AA Employer, Brown considers applicants for employment without regard to, and does not discriminate on the basis of, gender, race, protected veteran status, disability, or any other legally protected status.

applied mathematics and in statistics (see www.math.ttu.edu/FacultyStaff/research.shtml). The department fosters a spirit of interdisciplinary collaboration across areas of mathematics and statistics as well as with engineering and the physical and biological sciences. M&S is seeking candidates who will be engaged in nationally visible scholarship, establish externally-funded research programs, interact with the existing research groups in the department, participate in interdisciplinary collaborations and service, involve graduate students in their research, and show excellence in teaching at the graduate and undergraduate levels.

One position will be in statistics, with a preference for candidates in probability theory/stochastic processes. The second position will be in biostatistics, with a preference for candidates who will collaborate with researchers in environmental toxicology, biological sciences and/or public health. The third position will be in complex analysis and/or applications of complex analysis. The fourth position will be in mathematical and computational modelling, with a preference for candidates who will collaborate with researchers in biomathematics, applied mathematics and/or computational mathematics. Candidates with very strong records who will bring externally sponsored research to Texas Tech will be considered for associate or full professor ranks.

Please apply, using the Requisition ID 1818BR, at www.texas-tech.edu/careers/. Include a completed AMS standard cover sheet and a vita.

Three letters of reference plus any material in addition to that completed online should be sent to:

Alex Wang, Hiring Committee Chair, Department of Mathematics and Statistics, Texas Tech University, Lubbock, TX 79409-1042. alex.wang@ttu.edu.

Review of applications will begin immediately.

Texas Tech University is committed to diversity among its faculty. We strongly encourage applications from women, minorities, persons with disabilities, and veterans, and we consider the needs of dual career couples.

Texas Tech University is an Affirmative Action/Equal Opportunity Employer.

000104

the department to the next level of both national and international recognition and achievement.

The candidate will hold a PhD in mathematics; will have achieved an outstanding record of teaching experience, scholarly productivity, and professional and community service; will have an easily understood vision for the department; will have exhibited leadership in planning, budgeting, and other fiscal affairs; and will exhibit an understanding of and a commitment to the mission of Howard University.

In addition, the candidate should meet the following criteria:

- Ability to build an effective team and inspire teamwork in accomplishing the goals of the Department of Mathematics.
- Ability to recruit and retain high quality students and faculty members for the Department of Mathematics.
- Ability to manage a budget and administer it in the best interests of the Department of Mathematics.
- Ability to obtain financial support from government, foundations, agencies, and private sources.
- A keen sensitivity to the needs of staff members in the area of professional development.
- An awareness of curricular and pedagogical designs necessary for the production of educators who must meet the demands of their disciplines.
- An understanding of the connectedness between the Department of Mathematics and other departments, schools and colleges of the University and its constituent community.

Each candidate should submit a CV, a letter of application that addresses his/her teaching, research, service, and administrative experience, and contact information for at least three references to: NHindman@howard.edu.

A statement of the mission of Howard University is available at www.founders.howard.edu/presidentReports/Mission.htm. More information about the position is available at www.coas.howard.edu/positions/.

Howard University is an Equal Opportunity/Affirmative Action Employer.

BECOME AN AMS AUTHOR

WHY PUBLISH WITH THE AMS?

We are mathematicians. The AMS is one of the world's leading publishers of mathematical literature. As a professional society of mathematicians, we publish books and journals for the advancement of science and mathematics. Consequently, our publications meet the highest professional standards for their content and production.

Expertise. Our editorial boards consist of experienced mathematicians. The AMS production staff is talented and experienced at producing high-quality books and journals. The author support group consists of experts in TeX, graphics, and other aspects of the production of mathematical manuscripts.

Supporting mathematics. The AMS publication program is a part of our broader activities. The revenue it generates helps support our other professional activities. Thus, publishing with the AMS benefits the mathematical community.

Those with expertise in areas such as Probability, Applied Probability Models and Game Theory will be preferred. Candidates should possess an appropriate doctoral degree at the time of hiring. MSOE offers degrees in engineering, engineering technology, construction management, business, actuarial science, operations research, technical communications and nursing. We are located in the heart of downtown Milwaukee and are recognized in several national publications for our "applications-oriented" approach. Faculty is judged primarily on excellence in teaching. MSOE graduates are in high demand, as evidence by our strong job placement rate. The review of candidates will begin immediately and continue until the position is filled. To apply, please submit a single file which includes a detailed resume, evidence of teaching excellence and three reference letters.
