CALIFORNIA

UNIVERSITY OF CALIFORNIA, LOS ANGELES
Department of Mathematics
Faculty Positions 2016–17

Tenured/Tenure-Track positions 2016–17

The Department of Mathematics at the University of California, Los Angeles, invites applications for tenure-track or tenured faculty positions starting July 1, 2016. Outstanding candidates in all areas of mathematics may be considered. Applicants must possess a PhD and should have outstanding accomplishments in both research and teaching. Duties include mathematical research, undergraduate and graduate teaching, and departmental and university service. Level of appointment will be based on qualifications, with appropriate salary per UC pay scales.

Applications will be accepted until the position is filled. To guarantee full consideration, the application should be received by November 15, 2015. Job Tracking #1010-1617-05.

The Department of Mathematics at the University of California, Los Angeles, invites applications for temporary and visiting appointments in the categories 1–5 below. Depending on the level, candidates must give evidence of potential or demonstrated distinction in scholarship and teaching.

Temporary Positions:

1. E. R. Hedrick Assistant Professorships: Salary range is $66,800–$70,100, and appointments are for three years. The teaching load is four one-quarter courses per year. Job Tracking #1010-1617-01

2. Computational and Applied Mathematics (CAM) Assistant Professorships: Salary range is $66,800–$70,100, and appointments are for three years. The teaching load is normally reduced by research funding to two one-quarter courses per year. Job Tracking #1010-1617-02

3. Program in Computing (PIC) Assistant Adjunct Professorships: Salary range is $73,100–$75,300. Applicants for these positions must show very strong promise in teaching and research in an area related to computing. The teaching load is four one-quarter programming courses each year and one additional course every two years. Initial appointments are for one year and possibly longer, up to a maximum service of four years. Job Tracking #1010-1617-03

4. Assistant Adjunct Professorships and Research Postdocs: Appointments are normally for one year, with the possibility of renewal. Strong research and teaching background required. The salary is $62,900–$64,800. The teaching load for Adjuncts is six one-quarter courses per year. Job Tracking #1010-1617-04

5. RTG Assistant Adjunct Professorship in Analysis: Salary is $59,300–$61,000, and appointments are for three years. This position is limited to US citizens or permanent residents who have received a PhD within 18 months of June 1, 2016. The successful recipient will receive a summer stipend of $10,000 for two summers and $9,000 over three years for travel, equipment, and supplies. The teaching load is three one-quarter courses per year. Job Tracking #1010-1617-08

Appointments will be effective July 1, 2016 or later. Applications will be accepted until all positions are filled. For fullest consideration, all application materials should be submitted on or before November 15, 2015.

Applications and supporting documentation must be submitted online via www.mathjobs.org.

All letters of evaluation are subject to UCLA campus policies on confidentiality. Refer potential reviewers to the UCLA statement of confidentiality at https://www.apo.ucla.edu/policies/the-call/summary-of-procedures/summary-ja-statement-of-confidentiality.html

Lecturer Positions in Mathematics

The UCLA Department of Mathematics receives on an ongoing basis applications

Suggested uses for classified advertising are positions available, books or lecture notes for sale, books being sought, exchange or rental of houses, and typing services. The publisher reserves the right to reject any advertising not in keeping with the publication’s standards. Acceptance shall not be construed as approval of the accuracy or the legality of any advertising.

The 2015 rate is $3.50 per word with a minimum two-line headline. No discounts for multiple ads or the same ad in consecutive issues. For an additional $10 charge, announcements can be placed anonymously. Correspondence will be forwarded.

Advertisements in the “Positions Available” classified section will be set with a minimum one-line headline, consisting of the institution name above body copy, unless additional headline copy is specified by the advertiser. Headlines will be centered in boldface at no extra charge. Ads will appear in the language in which they are submitted.

There are no member discounts for classified ads. Dictation over the telephone will not be accepted for classified ads.

U.S. laws prohibit discrimination in employment on the basis of color, age, sex, race, religion, or national origin. "Positions Available" advertisements from institutions outside the US cannot be published unless they are accompanied by a statement that the institution does not discriminate on these grounds or not if it is subject to US laws. Details and specific wording may be found on page 1373 (vol. 44).

Situation wanted advertisements from involuntarily unemployed mathematicians are accepted under certain conditions for free publication. Call toll-free 800–321–4AMS (321–4267) in the US and Canada or 401–455–4084 worldwide for further information.

Submission: Promotions Department, AMS, P.O. Box 6248, Providence, Rhode Island 02940; or via fax: 401–331–3842; or send email to classifieds@ams.org.

AMS location for express delivery packages is 201 Charles Street, Providence, Rhode Island 02940. Advertisers will be billed upon publication.
for quarter positions (Fall/Winter/Spring or for Summer Session) for Lecturers to teach undergraduate mathematics or math education courses. Positions are very limited and temporary. Responsibilities include lecturing, conducting office hours, writing and grading exams and supervising teaching assistants. Previous teaching experience at the college level or experience as a Financial Actuary is required and a PhD is preferred. Salary is commensurate with experience. Job Tracking #1010-1617-07

Lecturer with Potential Security of Employment in the Department of Mathematics

The UCLA Department of Mathematics seeks applications for a full-time career Lecturer with Potential Security of Employment (similar to tenure-track) beginning July 1, 2016.

Qualifications: Candidates must possess a PhD in mathematics or a closely related field. The successful applicant will be a broadly trained mathematician who is dedicated to undergraduate teaching and pedagogy and is interested in belonging to a top research department.

Duties and Responsibilities: In addition to making significant contributions to lower and upper-division teaching (4.5 quarter-courses per year), the Lecturer will engage in a combination of: curriculum development, advisement of undergraduate students, mentoring visiting and junior faculty, participation in service activities, as well as research. In addition to teaching, specific duties may include the development and implementation of new courses and curricula at the undergraduate level, as well as leadership roles in undergraduate activities and advising, community outreach activities and in improving instructional resources. It is expected that the Lecturer will be involved in program development, attend relevant professional meetings, review programs, and be involved in mentoring of visiting and junior faculty. Level of appointment will be based on qualifications, with appropriate salary per UC pay scales. Further information about mathematics at UCLA can be found at www.math.ucla.edu.

Applicants should submit a letter of interest outlining experiences and qualifications including teaching philosophy and mathematical interests and accomplishments together with a curriculum vita and publication record, and arrange for at least three letters of recommendation to be sent. Materials should be submitted electronically via www.mathjobs.org. Applications received on or before 01/01/2016 will be given full consideration. Job Tracking #1010-1617-10

The department is especially interested in candidates who can contribute to the diversity & excellence of the academic community through teaching and service. Applications and supporting documentation for all positions must be submitted online via www.mathjobs.org.

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age or protected veteran status. For the complete University of California nondiscrimination and affirmative action policy see: UC Nondiscrimination and Affirmative Action Policy, policy.ucop.edu/doc/4000376/NondiscriminativeActionPolicy. The University of California may employ only individuals who are legally authorized to work in the United States as established by providing documents specified in the Immigration Reform and Control Act of 1986.

SOUTH CAROLINA

UNIVERSITY OF SOUTH CAROLINA

Vasil Popov Prize, 2016 Call for Nominations

The Vasil Popov Prize is awarded every three years for outstanding research in fields related to the work of Vasil A. Popov, who is best known for his contributions to Approximation Theory. Candidates must have received their PhD within the previous six years. Nominations, to include a brief description of the relevant work and a vita of the nominee, should be sent to Pencho Petrushev, Chair, Popov Prize Selection Committee, Interdisciplinary Mathematics Institute, University of South Carolina, Columbia, SC 29208; email: popov.prize@gmail.com. The deadline for nominations is November 15, 2015. The Prize will be awarded in May of 2016 at the Fifteenth International Conference in Approximation Theory, in San Antonio, Texas. For further information, visit Popov Prize at cmi.cas.sc.edu/popov-prize-call-nominations/.

Applications are invited for tenure-track appointment as Associate Professor/Assistant Professor in the Department of Mathematics, to commence from September 1, 2016 or as soon as possible thereafter. The appointment will initially be made on a three-year term basis, with the possibility of renewal and with consideration for tenure before the expiry of the second three-year contract.

The Department of Mathematics provides a solid general undergraduate education in mathematics, offers supervision in graduate study for students with a strong interest in and a capacity for mathematics, and engages in teaching and research aiming at a high international standing. Information about the Department can be obtained at www.math.ucla.edu.

Candidates in all areas of Applied Mathematics and Mathematical Sciences will be considered, with preference given to those working in the areas of Scientific Computing, Computational Mathematics, Financial Mathematics, Operations Research, and Optimization. The appointee is expected to actively engage in outreach and service.

A globally competitive remuneration package commensurate with qualifications and experience will be offered. At current rates, salaries tax does not exceed 15 percent of gross income. The appointment will attract a contract-end gratuity and University contribution to a retirement benefits scheme, totalling up to 15 percent of basic salary, as well as annual leave, and medical benefits. Housing benefits will be provided as applicable.

Applicants should send a completed application form, together with an up-to-date CV containing information on educational and professional experience, a complete list of publications, a survey of past research and teaching experience, a research plan for the next few years, and a statement on teaching philosophy by email to scmath@hku.hk. They should also arrange for submission, to the same e-mail address as stated above, three reference letters from senior academics. One of these senior academics should be asked to comment on the applicant’s ability in teaching, or the applicant should arrange to have an additional reference letter on his/her teaching sent to the same e-mail address as stated above. Please indicate clearly which level they wish to be considered for and the reference number in the subject of the email. Application forms (341/1111) can be downloaded at www.hku.hk/apptunit/form-ext.doc. Further particulars can be obtained at www.math.ucla.edu.
Assistant Professor of Mathematics

The Department of Mathematics at ETH Zurich invites applications for an assistant professor position in mathematics (non-tenure track).

Candidates should hold a PhD or equivalent and have demonstrated the ability to carry out independent research work. Willingness to teach at all university levels and to participate in collaborative work within or outside the school is expected. The new professor will be expected to teach undergraduate (in German or English) and graduate courses (in English) for students of mathematics, natural sciences and engineering.

Assistant professorships have been established to promote the careers of younger scientists. The initial appointment is for four years with the possibility of extension to six years.

Please apply online at www.facultyaffairs.ethz.ch

Applications should include a curriculum vitae, a list of publications, and a statement of future research and teaching interests. The letter of application should be addressed to the President of ETH Zurich, Prof. Dr. Lino Guzzella. The closing date for applications is 30 September 2015.

ETH Zurich is an equal opportunity and family friendly employer and is further responsive to the needs of dual career couples. We specifically encourage women to apply.

Bilkent University Department of Mathematics

Bilkent University Department of Mathematics invites applications from faculty members at the level of full Professor for the position of Department Chair starting fall semester 2016, or earlier. Candidates should have a record of success in mathematical scholarship, teaching, and professional service, and should have outstanding interpersonal skills. Department of Mathematics has 16 full time faculty and 7 instructors and offers BS, MS and PhD degrees. Current research areas include algebra and arithmetic, analysis, applied mathematics, algebraic geometry and topology. For additional information, see the Department of Mathematics webpage at www.fen.bilkent.edu.tr/~cvmath. Bilkent University has a large body of international faculty and students. The language of instruction is English; qualified applicants of any citizenship are welcome for this position. Bilkent University has a beautiful campus, conveniently located close to the city center of Ankara, in a pleasant neighborhood. The successful candidate will be expected to provide direction and leadership within the department, and to be an advocate for the department to the university and to society at large. The Chair reports to the Dean of the Faculty of Science and is responsible for hiring, supervising, mentoring, and evaluating faculty and staff, managing the budget, and organizing department's service course delivery efficiently. Salary is internationally competitive and on-campus housing is provided. Applications will be reviewed beginning September 2015 and the review will continue until the position is filled. Applicants can apply for this position by sending an email to the chair of the search committee: Professor Dr. A. Bülent Özgüler, ozguler@ee.bilkent.edu.tr. Applicants should attach the following materials: a cover letter, curriculum vitae, description of research achievements and interests, and a brief statement of their vision for the department. At a later stage, names of at least three professional references will be required. All applications will be handled with strict confidentiality.
