MATHEMATICAL OPPORTUNITIES IN FRANCE
YEAR 2016-17

The French network of Centers of Excellence, LabEx, will be offering several scholarships, fellowships, and visiting research positions to national and international graduate students, postdoctoral fellows and senior researchers, who are considering to join any of its affiliated laboratories throughout France. For details, please visit:

http://labex.math.cnrs.fr/

In particular, more than 40 research postdoctoral fellowships will be offered. For more information, please visit:
