

Renaissance Technologies,

a quantitative investment management company trading in global financial markets, has openings for researchers and programmers at our Long Island, New York, research campus.

The ideal research candidate will have

- a PhD in computer science, mathematics, physics, statistics, or a related discipline
- a demonstrated capacity to do first-class scientific research
- computer programming skills

The ideal programming candidate will have

- strong analytical and programming skills
- an in-depth knowledge of software development in a C++ Unix environment

Experience in finance is not required.

To apply,
send your resume
to careers@rentec.com.
