

ERRATA, VOLUME 1

A. M. Gleason, *Spaces with a compact Lie group of transformations*.
p. 37, line 3 from the bottom. For " C is a neighborhood of p "
read " V is a neighborhood of p ."

P. W. Carruth, *Roots and factors of ordinals*.

p. 471, line 21. For " $s < 0$ " read " $s > 0$."

p. 471, line 23. For " $p_j > c_j$ " read " $p_j < c_j$."

Benjamin Lepson, *Certain best possible results in the theory of
Schnirelmann density*.

p. 593, line 4. For "greater" read "less."

p. 593, line 7 from the bottom. For " \cong " read " $<$."

p. 593, line 5 from the bottom. For " \cong " read " $<$."

p. 593, line 3 from the bottom. For

" \lim "
 $n \rightarrow \infty$

read

" $\lim \sup$."
 $n \rightarrow \infty$
