ERRATA, VOLUME 17

S. P. Hastings, *On the asymptotic growth of solutions to a nonlinear equation*, pp. 40–47.

Page 41, line 6 should read

$$\text{``}x(t) = O\left(1 + \int_0^t |\, h(s)\,|\, ds\right)\text{''}$$

instead of

$$\text{``}x(t) = O\left(t + \int_0^t |\, h(s)\,|\, ds\right)\text{''}.$$

Also, it has been pointed out by Dr. J. S. W. Wong and Dr. J. S. Muldowney that in Theorem III (page 45) we can prove only that $x(t) = O(t + t\int_0^t |\,h(s)\,|\,ds)$ because the function $H(s)$ introduced in the proof must be nondecreasing.

R. L. Robinson, *An estimate for the enumerative functions of certain sets of integers*, pp. 232–237.

Page 233, in the statement of Lemma 1 and its corollary replace "$f(r, n)$" by "$f(n, r)$" and "$g(r, n)$" by "$g(n, r)$".

A. K. Aziz, *Periodic solutions of hyperbolic partial differential equations*, pp. 557–566.

Page 566, references 2 and 3 should read as follows:
2. ———, *A criterion for the existence in a strip of periodic solutions of hyperbolic partial differential equations*, Rend. Circ. Mat. Palermo (2) **14** (1965), 95–118.
3. ———, *Existence in the large of periodic solutions of hyperbolic partial differential equations*, Arch. Rational Mech. Anal. **20** (1965), 170–190.
