AND ITS APPLICATIONS”

(Communicated by Palle E. T. Jorgensen)

On page 1781, line -7, the term ‘By Fact 6.1 in [10]’ should be read as ‘By Lemma 1 in [8]’.

On page 1782, line +15, the term ‘lower semicontinuous’ should be read as ‘lower semicontinuous and the domain of H_i ($W_i = \{x \in X : A_i(x) \cap P_i(x) \neq \emptyset\}$) is closed in X ’.

On page 1782, line -9, the term ‘ $\{x \in X : A_i(x) \cap P_i(x) \subset V\} \cup \{x \in X \setminus W_i : B_i(x) \subset V\}$ ’ should be read as ‘ $\{x \in W_i : A_i(x) \cap P_i(x) \subset V\} \cup \{x \in X : B_i(x) \subset V\}$ ’.
