Institution _____

Department _____

Address _____

Highest Degree offered by department _____

Please complete this form, keeping a copy for your records, and return it to the above address by March 27, 2015.

Answer every question for the entire department named above.

Be sure to include all faculty, graduate students, course enrollments and majors in the named department even though this department may include other disciplines such as computer science, etc. **Do not exclude anyone except where noted.**

Name of person completing form _____ Date _____

Title _____ Phone _____

Email _____ Fax _____

Section A

Fall 2014 - Course Enrollments

- Report the sum of combined enrollments of all the courses in Fall 2014, not the number of sections of courses. (Take the number of students in each course and add them together.)
- Include thesis enrollments (thesis, honors thesis, research, reading, etc) for your students as course enrollments.
- Enrollment in undergraduate and graduate courses should be reported below in their respective categories regardless of whether the individual students enrolled are undergraduate or graduate students.

A1. Report your department's **total undergraduate course enrollment**
(all enrollments combined) for Fall 2014.

A2. Report your department's **total graduate course enrollment**
(all enrollments combined) for Fall 2014.

Section B

Fall 2014: Full-time Faculty

REPORT EACH FACULTY MEMBER ONLY ONCE

Full-time Faculty: Report in this section individuals who are full-time in the institution for the academic year and at least half-time in your department. Each faculty member should be reported in exactly one category. *Please review all categories before reporting faculty below. If you're not sure where to put a faculty member, please call 1-800-321-4267, ext. 4124 for help.*

- If your institution does not recognize tenure, please check the following box and then report your full-time faculty in the appropriate lines in sections B.2 and B.3 below.

B.1 Tenure-track faculty (include tenure-track faculty who are on leave):

		Number of Faculty			
		With PhD		Without PhD	
		Male	Female	Male	Female
B.1.a	Tenured full-professor faculty				
B.1.b	Other Tenured faculty				
B.1.c	Tenure-eligible faculty (i.e. without tenure)				

B.2 Postdoctoral and Visiting faculty: Report in this subsection those (full-time) faculty who have teaching and/or research responsibilities, but for a strictly limited term of employment.

		Number of Faculty			
		With PhD		Without PhD	
		Male	Female	Male	Female
B.2.a	Postdoctoral Faculty under whatever title*				
B.2.b	Visitors on leave from another institution				

*A postdoctoral appointment is a temporary position primarily intended to provide an opportunity to continue training or to further research experience.

B.3 Non-tenure Track faculty: Report in this subsection (full-time) faculty eligible for benefits and with an appointment that lasts at least one academic year.

<i>Report non-tenure track (full-time) faculty who are:</i>		Number of Faculty			
		With PhD		Without PhD	
		Male	Female	Male	Female
B.3.a	Individuals with a renewable appointment*				
B.3.b	Individuals with fixed-term (not renewable) appointments				
B.3.c	Other full-time faculty not reported above				

*Include in this line those with appointments that are eligible for unlimited renewal. These include positions with titles such as Lecturer, Senior Lecturer, Instructor, Senior Instructor, Associate/Assistant/Full Teaching Professor, Professor of the Practice, or Clinical Professor, and similar titles for research only faculty.

B.4 Of the total full-time faculty reported in B.1, B.2, and B.3 (above), how many taught one or more courses other than mathematics or statistics in FALL 2014?

B.4.a Of the total reported in B.4 (above), how many taught only computer sciences courses in FALL 2014?

Continue with Section C on page 3

Section C

Fall 2014: Part-time Faculty

Part-time Appointments: Report in this section instructors who do not hold a full-time appointment for the academic year.

C.1 Report in this subsection faculty who are hired term-by-term, and are paid by the course.

		Number of Faculty			
		With PhD		Without PhD	
		Male	Female	Male	Female
C.1.a	Part-time faculty receiving benefits				
C.1.b	Other part-time faculty				
C.1.c	Part-time faculty in phased retirement*				

*Phased retirement is an employer-employee relationship that is different from the traditional model in which the employee converts from a full-time employee to a full-time retiree.

Section D

Fall 2014: Graduate Students

If your department does not have graduate students, check here and go to Section E.

- Report only graduate students whose major course of study is contained in your department and who are actually enrolled in Fall 2014.
- Report your graduate students as full-time or part-time according to how they are classified by your institution. The counts of full-time graduate students reported in the first row should include the counts of first-year full-time graduate students reported in the second row.
- Include in your counts graduate students (in your department) studying mathematics education.
- UNDERREPRESENTED MINORITIES include any person, who is a U.S. citizen or permanent resident, who is Black or African American, Hispanic or Latino, American Indian, Alaska Native, Native Hawaiian or Other Pacific Islander.
- If you are unable to report underrepresented minorities, check here . If you have none check here .

Any box left blank is assumed to be zero.

Please report data for U.S. Citizens and Permanent Residents separately from Non-U.S. citizens.

Graduate Students Enrolled Fall 2014	U.S. Citizens & Permanent Residents		Underrepresented Minorities*		Non-U.S. Citizens Total	
	Male	Female	Male	Female	Male	Female
	(1)	(2)	(1)	(2)	(1)	(2)
Number of FULL-TIME students (1)						
Number of FULL-TIME students who are 1st-year students (2)						
Number of PART-TIME students (enrolled for Fall 2014) (3)						

* These counts are a subset of the counts reported in the 'U.S. Citizens & Permanent Residents Column'.

Continue with Section E on reserve side (page 4).

Section E

Undergraduate Degrees Awarded

If your department does not award undergraduate degrees in the mathematical sciences, please check here .

For the period between July 1, 2013 and June 30, 2014:

E1. Report the number of bachelors degrees awarded to majors within your department (include joint and double majors).

E2. Of those reported in E1 (above), how many bachelors degrees were awarded to individuals whose only major within your department was statistics?

E3. Of those reported in E1 (above), how many bachelors degrees were awarded to individuals whose only major within your department was computer science?

Section F

Masters Degrees Awarded

If your department does not award masters degrees in the mathematical sciences, please check here .

For the period between July 1, 2013 and June 30, 2014:

F1. Report the number of masters degrees awarded to majors within your department (include joint and double majors).

F2. Of those reported in F1 (above), how many masters degrees were awarded to individuals whose only major within your department was statistics?

F3. Of those reported in F1 (above), how many masters degrees were awarded to individuals whose only major within your department was computer science?

Please remember to retain a copy of this completed form for your records.

Your assistance in gathering the data necessary for this survey is greatly appreciated.

Thank you.

Please note: if the "Submit Completed Form as email attachment" button is not compatible with your email client, please save this document and send it to ams-survey@ams.org.
