

**American Mathematical Society  
Mathematics Research Communities  
2008-2009 Application Form**

Individuals within 1-2 years prior to or after receipt of the PhD, and who are affiliated with U.S. institutions, are welcome to apply. Please provide all of the information requested below. Also, a letter of reference is required and should be from a mathematician who can discuss how you will benefit from participation in the MRC program. The letter of reference must have the reference writer's signature and may be submitted electronically as a PDF document to: [confcoord@ams.org](mailto:confcoord@ams.org).

This is a PDF form. This form may be submitted electronically (recommended method) by typing in all information requested and clicking on the "Submit" button, which will automatically attach this form's file to a pre-addressed email. Then, click "Send" in your email program in order to send it to the AMS.

If you are unable to submit this form electronically, then please print the completed form and either FAX to 401-455-4004, or mail no later than February 28, 2008 to:  
Mathematics Research Communities, American Mathematical Society, 201 Charles Street, Providence, RI 02904-2294.

Any questions regarding this form should be directed to: [dxc@ams.org](mailto:dxc@ams.org)

---

Area for which you are applying:

Teichmüller Theory & Low Dimensional Topology

Scientific Computing & Advanced Computation

Computational Algebra & Convexity

Date of PhD (received or expected):

Name in full (last, first, middle initial):

Mailing address:

Email address:

Telephone number:

FAX number:

Current institution/position:

Previous positions:

Education (list all institutions attended with dates, degrees, dates degrees awarded):

Title of PhD dissertation:

Advisor of PhD dissertation:

Institution of PhD:

Current Research Interests and how they relate to the MRC area that you have chosen:

List of Publications:
