ALABAMA

UNIVERSITY OF ALABAMA 2015 Topology Search Advertisement

The Department of Mathematics at The University of Alabama invites applications for a tenure-track Assistant Professor position in the area of Topology beginning on August 16, 2016. We are particularly interested in applicants researching low dimensional topology or knot theory and their connections with gauge theory, Floer theories, or symplectic/contact topology. However, applicants from other areas of topology or related areas in differential geometry may also be considered. The University of Alabama is a Learner Centered institution. The ideal candidate should be committed to providing stellar education to undergraduate and graduate students. In addition, the successful candidate should be interested in supervising undergraduate research opportunities and graduate dissertations. The University is also pushing to improve its research position, and expects the successful candidate to develop a strong research program and to pursue external funding.

Applicants should complete the online application at facultyjobs.ua.edu/postings/37692. The application should include a letter of application, a current curriculum vita, a research statement, a teaching statement, and four letters of recommendation (one of which concerns teaching). The recommendation letters should be sent electronically to: math@ua.edu. Candidates must possess a doctoral degree in mathematics or a closely

related field by August 16, 2016. Further experience in teaching and research is desirable. Applications will be reviewed on an ongoing basis starting December 12th, and will continue to be accepted until the position is filled. The University of Alabama is an Equal Opportunity/Affirmative Action employer and actively seeks diversity among its employees. Women, Hispanic, African-American and other minority candidates are strongly encouraged to apply. For more information about the department and the university visit our website at math.ua.edu.

CALIFORNIA

UNIVERSITY OF CALIFORNIA, SANTA BARBARA Department of Mathematics Faculty Position Job #Math14 Tenure-Track Position

The Department of Mathematics invites applications for a Tenure-Track Assistant Professor position in Differential Geometry. Candidate should strengthen and complement the research of the existing group in Geometry; interaction with other research groups is also encouraged. Demonstrated excellence in research and teaching are required. Candidates must possess a PhD by September 2016. Appointments begin July 1, 2016.

To apply for this position(s), applicants must submit a curriculum vitae, statement

of research, statement of teaching philosophy & the American Mathematical Society cover sheet (available online at www.ams.org), & arrange for four letters of reference to be sent (at least one of which is directed towards teaching). Materials should be submitted electronically via www.mathjobs.org. Applications received on or before November 1, 2015 will be given full consideration. Questions can be emailed to: recruitment@math.ucsb.edu.

The department is especially interested in candidates who can contribute to the diversity & excellence of the academic community through research, teaching and service. The University of California is an Equal Opportunity/Affirmative Action Employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.

UNIVERSITY OF CALIFORNIA SANTA BARBARA Department of Mathematics Senate Lecturer Position Job #Math15

The Department of Mathematics at the University of California, Santa Barbara seeks applications for a Lecturer with

Suggested uses for classified advertising are positions available, books or lecture notes for sale, books being sought, exchange or rental of houses, and typing services. The publisher reserves the right to reject any advertising not in keeping with the publication's standards. Acceptance shall not be construed as approval of the accuracy or the legality of any advertising.

The 2015 rate is \$3.50 per word with a minimum two-line headline. No discounts for multiple ads or the same ad in consecutive issues. For an additional \$10 charge, announcements can be placed anonymously. Correspondence will be forwarded.

Advertisements in the "Positions Available" classified section will be set with a minimum one-line headline, consisting of the institution name above body copy, unless additional headline copy is specified by the advertiser. Headlines will be centered in boldface at no extra charge. Ads will appear in the language in which they are submitted.

There are no member discounts for classified ads. Dictation over the telephone will not be accepted for classified ads.

Upcoming deadlines for classified advertising are as follows: February 2016—December 7, 2015; March 2016—January 1, 2016; April 2016—January 29, 2016; May 2016—March 2, 2016; June 2016—April 29, 2016; August 2016—May 30, 2016.

U.S. laws prohibit discrimination in employment on the basis of color, age, sex, race, religion, or national origin. "Positions Available" advertisements from institutions outside the US cannot be published unless they are accompanied by a statement that the institution does not discriminate on these grounds whether or not it is subject to US laws. Details and specific wording may be found on page 1373 (vol. 44).

Situations wanted advertisements from involuntarily unemployed mathematicians are accepted under certain conditions for free publication. Call toll-free 800-321-4AMS (321-4267) in the US and Canada or 401-455-4084 worldwide for further information.

Submission: Promotions Department, AMS, P.O. Box 6248, Providence, Rhode Island 02904; or via fax: 401-331-3842; or send email to classads@ams.org. AMS location for express delivery packages is 201 Charles Street, Providence, Rhode Island 02904. Advertisers will be billed upon publication.

Potential Security of Employment (similar to tenure-track), beginning July 1, 2016.

Qualifications: Candidates must possess a PhD in Mathematics or a closely related field. The successful applicant will be a broadly trained mathematician who is dedicated to undergraduate teaching and pedagogy in the context of a research university.

Duties and Responsibilities: In addition to making significant contributions to lower-division teaching, the Lecturer PSOE will assist with curriculum development, advise undergraduate students and participate in service activities. Specific duties include the development and implementation of new courses and curricula at the undergraduate level and leadership roles in undergraduate activities and advising, in community outreach activities and in improving instructional resources. It is expected that the Lecturer PSOE will be involved in the submission of grants, attend relevant professional meetings, review programs, and mentor visiting and junior faculty. The Lecturer PSOE will interact directly with senior faculty, virtually all of who teach in the lower division on a regular basis.

Further information about Mathematics at UCSB can be found at www.math.ucsb.edu.

To apply for this position, applicants should submit a letter of interest outlining experiences and qualifications including teaching philosophy and mathematical interests and accomplishments together with a curriculum vitae, and arrange for at least three letters of recommendation to be sent. Materials should be submitted electronically via www.mathjobs.org. Applications received on or before January 1, 2016 will be given full consideration. For questions or additional information, please email: recruitment@math.ucsb.edu.

The department is especially interested in candidates who can contribute to the diversity & excellence of the academic community through teaching and service. The University of California is an Equal Opportunity/Affirmative Action Employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.

TEXAS

BAYLOR UNIVERSITY Jean and Ralph Storm Endowed Chair in Mathematics

The Department of Mathematics invites applications to fill the Jean and Ralph Storm Chair of Mathematics. The successful candidate, who is expected to be at the full-professor level, will be an excellent mathematician, with national and international recognition for scholarship, demonstrated excellence in teaching at the undergraduate and graduate levels and a history of successful, sustained grantsmanship. This endowed position provides an annual discretionary research fund to the successful candidate. Applications in all areas of mathematics will be considered. Active research areas in the department are in the general areas of algebra, analysis, differential equations, mathematical physics, numerical analysis, computational mathematics, representation theory, and topology. Several faculty in the department are engaged in interdisciplinary research with other departments on campus. Baylor encourages women, minorities, veterans, and individuals with disabilities to apply. Detailed information about the department can be found at www.baylor.edu/math.

To ensure full consideration, complete applications must be submitted by 02/15/16. Applications will be reviewed immediately after this date and will be accepted until the position is filled.

We encourage all applicants to submit their materials online at www.mathjobs.org/jobs. Candidates should possess an earned doctorate in the appropriate field of study. A complete application includes a cover letter of application (please refer to the job number BQ 34499), at least three letters of recommendation, a cur-

rent curriculum vitae, original doctoral transcripts, and a statement of support for Baylor's Christian mission (see www.baylor.edu/profuturis/), indicating your religious affiliation and a few brief statements about your faith. Alternatively, candidates can arrange for their application materials to be sent directly to: Dr. Lance L. Littlejohn, Department of Mathematics, Baylor University, One Bear Place #97328, Waco, TX 76798-7328.

Baylor University is a private Christian university and a nationally ranked research institution, consistently listed with highest honors among *The Chronicle of Higher Education's* "Great Colleges to Work For". Chartered in 1845 by the Republic of Texas through the efforts of Baptist pioneers, Baylor is the oldest continuously operating university in Texas. The university provides a vibrant campus community for over 15,000 students from all 50 states and more than 80 countries by blending interdisciplinary research with an international reputation for educational excellence and a faculty commitment to teaching and scholarship. Baylor is actively recruiting new faculty with a strong commitment to the classroom and an equally strong commitment to discovering new knowledge as we pursue our bold vision, Pro Futuris (www.baylor.edu/profuturis/).

Baylor University is a private not-for-profit university affiliated with the Baptist General Convention of Texas. As an Affirmative Action/Equal Opportunity employer, Baylor is committed to compliance with all applicable anti-discrimination laws, including those regarding age, race, color, sex, national origin, marital status, pregnancy status, military service, genetic information, and disability. As a religious educational institution, Baylor is lawfully permitted to consider an applicant's religion as a selection criterion.
