Mathematics Opportunities

Project NExT 2017–2018

MAA Project NExT (New Experiences in Teaching) is a year-long professional development program of the Mathematical Association of America (MAA) for new or recent PhDs in the mathematical sciences. The program is designed to connect new faculty with master teachers and leaders in the mathematics community and address the three main aspects of an academic career: teaching, research, and service. Recent program sessions have included:

• Getting your research and grant writing off to a good start
• Innovative teaching and assessment methods and why they work
• Finding your niche in the profession
• Attracting and retaining underrepresented students
• Balancing teaching, research, and service demands
• Starting an undergraduate research program
• Preparing for tenure

MAA Project NExT Fellows join an active community of faculty who have gone on to become award-winning teachers, innovators on their campuses, active members of the MAA, and leaders in the profession. MAA Project NExT welcomes and encourages applications from new and recent PhDs in postdoctoral, tenure-track, and visiting positions. We particularly encourage applicants from underrepresented groups (including women and minorities). The deadline for applications for the 2017 cohort of MAA Project NExT Fellows is April 15, 2017. For applications and further information, see projectnext.maa.org.

Intensive Research Programs at CRM

The Centre de Recerca Matemàtica (CRM) invites proposals for research programs consisting of one to five months of intensive research in any branch of mathematics or the mathematical sciences. Proposals are sought for programs to be organized preferably after August 2018. Preliminary proposals are due February 28, 2017; final proposals should be submitted before April 28, 2017. For guidelines and instructions, see www.crm.cat/en/Host/SciEvents/IRP/Pages/CallApplication.aspx.

Call for Nominations for Graham Wright Award

The Graham Wright Award for Distinguished Service of the Canadian Mathematical Society (CMS) recognizes individuals who have made sustained and significant contributions to the Canadian mathematical community and, in particular, to the CMS. The deadline for nominations is March 31, 2017. See cms.math.ca/Prizes/dis-nom.
