CHINA

**Tianjin University, China
Tenured/Tenure-Track/Postdoctoral
Positions at the Center for
Applied Mathematics**

Dozens of positions at all levels are available at the recently founded Center for Applied Mathematics, Tianjin University, China. We welcome applicants with backgrounds in pure mathematics, applied mathematics, statistics, computer science, bioinformatics, and other related fields. We also welcome applicants who are interested in practical projects with industries. Despite its name attached with an accent of applied mathematics, we also aim to create a strong presence of pure mathematics. Chinese citizenship is not required.

Light or no teaching load, adequate facilities, spacious office environment and strong research support. We are prepared to make quick and competitive offers to self-motivated hard workers, and to potential stars, rising stars, as well as shining stars.

The Center for Applied Mathematics, also known as the Tianjin Center for Applied Mathematics (TCAM), located by a lake in the central campus in a building protected as historical architecture, is jointly sponsored by the Tianjin municipal government and the university. The initiative to establish this center was taken by Professor S. S. Chern. Professor Molin Ge is the Honorary Director, Professor Zhiming Ma is the Director of the Advisory Board. Professor William Y. C. Chen serves as the Director.

TCAM plans to fill in fifty or more permanent faculty positions in the next few years. In addition, there are a number of temporary and visiting positions. We look forward to receiving your application or inquiry at any time. There are no deadlines.

Please send your resume to mathjobs@tju.edu.cn. For more information, please visit www.cam.tju.edu.cn or contact Ms. Erica Liu at mathjobs@tju.edu.cn, telephone: 86-22-2740-6039.

KOREA

**Korea Institute for
Advanced Study (KIAS)
Postdoctoral Fellow
in Computational Sciences at KIAS**

The School of Computational Sciences at Korea Institute for Advanced Study (KIAS) invites applicants for the positions at the level of postdoctoral research fellow in Computational Sciences. The School performs research in a broad range of fields for which computational methods are appropriate or even necessary: quantum information science, combinatorics, discrete mathematics, bioinformatics, and the theoretical and computational aspects of physics, biophysics, material science, and artificial intelligence. Applicants are expected to have demonstrated exceptional research potential, including major contributions beyond or through the doctoral dissertation.

The annual salary starts from 50,000,000 Korean Won (approximately US\$45,000 at current exchange rate). In addition, individual research funds of 10,000,000 Korean Won are available per year. The initial appointment for the position is for two years and is renewable once for up to two additional years, depending on research performance and the needs of the research program at KIAS.

Application materials (CV with a cover letter, a list of publications, a research plan, and three letters of recommendation) should be sent to comp@kias.re.kr.
