SUBSCRIPTION INFORMATION. The 2016 subscription is for one volume of six issues. Beginning in 2004, *St. Petersburg Mathematical Journal* is accessible from www.ams.org/journals/. Subscription prices for Volume 27 are as follows: for paper delivery, US\$2362 list, US\$1889.60 institutional member; for electronic delivery, US\$2244 list, US\$1795.20 institutional member. Upon request, subscribers to paper delivery of this journal are also entitled to receive electronic delivery. If ordering the paper version, add US\$5 for delivery within the United States; US\$19 for delivery outside the United States. Subscription renewals are subject to late fees. See www.ams.org/journal-faq for more journal subscription information.

BACK NUMBER INFORMATION. For back issues see www.ams.org/backvols.

Orders for subscriptions and publications of the American Mathematical Society should be addressed to the American Mathematical Society, P.O. Box 845904, Boston, MA 02284-5904 USA. *All orders must be accompanied by payment.* Other correspondence should be addressed to 201 Charles Street, Providence, RI 02904-2294 USA.

COPYING AND REPRINTING. Individual readers of this publication, and nonprofit libraries acting for them, are permitted to make fair use of the material, such as to copy an article for use in teaching or research. Permission is granted to quote brief passages from this publication in reviews, provided the customary acknowledgment of the source is given.

Republication, systematic copying, or multiple reproduction of any material in this publication is permitted only under license from the American Mathematical Society. Permissions to reuse portions of AMS publication content are handled by Copyright Clearance Center's RightsLink® service. For more information, please visit: <http://www.ams.org/rightslink>.

Translation rights and licensed reprint requests should be sent to reprint-permission@ams.org.

Excluded from these provisions is material in articles for which the author holds copyright. In such cases, requests for permission to use or reprint should be addressed directly to the author(s). (Copyright ownership is indicated in the notice in the lower right-hand corner of the first page of each article.)

St. Petersburg Mathematical Journal (ISSN 1061-0022 (print); ISSN 1547-7371 (online)) is published bimonthly by the American Mathematical Society, 201 Charles Street, Providence, RI 02904-2294 USA. Periodicals postage paid at Providence, Rhode Island. Postmaster: Send address changes to St. Petersburg Mathematical Journal, American Mathematical Society, 201 Charles Street, Providence, RI 02904-2294 USA.

Manuscripts should be addressed to “Algebra i Analiz”, St. Petersburg Publishing Company of the Russian Academy of Sciences, Mendeleevskaya Liniya 1, St. Petersburg 199034, Russia. Submitting simultaneously a tex-file to the address pmj@pdmi.ras.ru is highly appreciated.

© 2016 American Mathematical Society. All rights reserved.

This journal is indexed in *Mathematical Reviews* and *Zentralblatt MATH*.

This journal is archived in *Portico* and in *CLOCKSS*.

Translation authorized by the All-Union Agency for Author's Rights, Moscow.

Printed in the United States of America.

⊗ The paper used in this journal is acid-free and falls within the guidelines established to ensure permanence and durability.

The Editorial Board of Algebra i Analiz congratulates
Sergei Vladimirovich Vostokov
on his birthday anniversary.

D. M. Polyakov , Spectral analysis of a fourth order differential operator with periodic and antiperiodic boundary conditions	789
D. V. Rutsky , Remarks on A_p -regular lattices of measurable functions	813
A. Yu. Trynin , On necessary and sufficient conditions for convergence of sinc-approximations	825
N. A. Shirokov , Smoothness of a conformal mapping on a subset of the boundary	841

Easy Reading for Professionals

P. V. Paramonov and K. Yu. Fedorovsky , Tverberg's proof of the Jordan closed curve theorem	851
--	-----

Volume 27, Number 6, 2016

D. G. Benois, M. V. Bondarko, N. A. Vavilov, M. A. Vsemirnov, A. I. Generalov, N. L. Gordeev, I. B. Zhukov, G. A. Leonov, B. B. Lurie, I. A. Panin, A. L. Smirnov, I. B. Fesenko, and A. V. Yakovlev , To the anniversary of Sergei Vladimirovich Vostokov	861
---	-----

Research Papers

S. S. Afanas'eva and R. P. Vostokova , Logarithms of formal A -modules in the case of small ramification	863
M. V. Bondarko and M. A. Ivanov , On Chow weight structures for cdh-motives with integral coefficients	869
M. V. Bondarko and V. A. Sosnilo , A Nullstellensatz for triangulated categories	889
N. A. Vavilov and A. Yu. Luzgarev , Normalizer of the Chevalley group of type E_7	899
A. I. Generalov and D. B. Romanova , Hochschild comohology for algebras of dihedral type, VI. The family $D(2\mathcal{B})(k, s, 1)$	923
C. Greither and M. Kurihara , Tate sequences and Fitting ideals of Iwasawa modules	941

I. B. Zhukov and G. K. Pak , Approximation approach to ramification theory	967
L. V. Kuz'min , On a new type of ℓ -adic regulator for algebraic number fields. II	977
Yu. V. Matiyasevich , Riemann's zeta function and finite Dirichlet series	985
T. Oliver , Zeta integrals on arithmetic surfaces	1003
I. Panin and K. Pimenov , Rationally isotropic quadratic spaces are locally isotropic. III	1029
A. N. Panov , Supercharacter theory for groups of invertible elements of reduced algebras	1035
A. V. Yakovlev , Ultrasolvable embedding problems for number fields	1049
