

The Award for Impact on the Teaching and Learning of Mathematics Selection Committee

General Description

- Committee is standing
- Number of members is four, appointed by the President
- Term is two years

Principal Activities

The Committee recommends a winner and communicates this recommendation, along with a citation for the winner, to the Secretary for approval by the Executive Committee of the Council.

Award Description

This award is given annually to a mathematician (or group of mathematicians) who has made significant contributions of lasting value to mathematics education.

Priorities of the award include recognition of:

- a) Accomplished mathematicians who have worked directly with pre-college teachers to enhance teachers' impact on mathematics achievement for all students, or
- b) Sustainable and replicable contributions by mathematicians to improving the mathematics education of students in the first two years of college.

Miscellaneous Information

The business of this committee can be done by mail, electronic mail, or telephone, expenses which may be reimbursed by the Society.

Note to the Chair

Work done by committees on recurring problems may have value as precedent or work done may have historical interest. Because of this, the Council has requested that a central file system be maintained for the Society by the Secretary. Committees are reminded that records of work should be kept and submitted annually to the Secretary for archival purposes. Confidential material should be noted, so that it can be handled in a confidential manner.

Authorization

22 April 2020 Council Minutes, Item 4.6.2. Committee was created and charge was approved.
