1007-57-33   **Jung Hoon Lee*** (`lucy@kaist.ac.kr`), 373-1 Guseong-dong, Yuseong-gu, Daejeon, Korea, 305-701 Daejeon, South Korea, and **Gyo Taek Jin**. *Common stabilizaions of Heegaard splittings of link exteriors.*

We give a condition for a pair of unknotting tunnels of a non-trivial tunnel number one link to give a genus three Heegaard splitting of the link complement and show that every 2-bridge link has such a pair of unknotting tunnels. (Received December 20, 2004)
