1020-60-126   **Hurlee Gonchigdanzan*** (`hurlee@uwsp.edu`), Department of Mathematics and Computing, University of Wiscosnsin, Stevens Point, WI 54481. *On the Almost Sure Limit Theorem for the Product of Partials Sums.*

In this talk, we discuss about an almost sure limit theorem for the product of partial sums of i.i.d. random variables. Also, almost sure limit theorems for U-statistics and triangular array will be presented. (Received August 23, 2006)
