**Isabel Puga\*** ([ispues@yahoo.com.mx](mailto:ispues@yahoo.com.mx)), Departamento de Matematicas, Facultad de Ciencias,  
UNAM, Mexico city, Mexico, and **Rocio Leonel**. *Shore sets and points*.

In a paper in 1991 we introduced the concept of shore sets and points. Later the concept has been studied by Jo Heath and Van C. Nall. In this occasion, we will recall some results and talk about some new results. (Received August 21, 2009)
