**Masilamani Sambandham\*** ([msambandham@yahoo.com](mailto:msambandham@yahoo.com)), 8998 Betony Wood Trail, Jonesboro, GA 30236-5268. *A short survey of recent results on the zeros of random polynomials.* Preliminary report.

There are various random polynomials including algebraic polynomials, binomial polynomials, orthogonal polynomials, trigonometric polynomials, Weyl polynomials, hyperbolic polynomials, etc. This presentation will contain a survey of selected results in random polynomials on the real zeros and distribution of zeros of random polynomials. A few application also will be presented. (Received September 14, 2020)
