

Contents

Introduction	vii
Acknowledgements	xiii
Chapter 1. The Local Theory of the Cauchy Problem	1
Chapter 2. The “Road Map”: The Concentration Compactness/Rigidity Theorem Method for Critical Problems I	17
Chapter 3. The “Road Map”: The Concentration Compactness/Rigidity Theorem Method for Critical Problems II	31
Chapter 4. Properties of Compact Solutions and Some More Rigidity Theorems, with Applications to an Extension of Theorem 2.6	45
Chapter 5. Proof of the Rigidity Theorems	69
Chapter 6. Type II Blow-up Solutions	81
Chapter 7. Channels of Energy and Outer Energy Lower Bounds	101
Chapter 8. Universal Type II Blow-up Profiles	109
Chapter 9. Soliton Resolution for Radial Solutions to (NLW), I	121
Chapter 10. Soliton Resolution for Radial Solutions to (NLW), II	135
Chapter 11. Soliton Resolution for Radial Solutions to (NLW), III	145
Bibliography	157
