

## Contents

Preface	vii
List of Participants	ix
List of Talks	xi
Holomorphic Eisenstein series with Jacobian twists L. A. BORISOV	1
Hessians and the moduli space of cubic surfaces E. DARDANELLI and B. VAN GEEMEN	17
On covariants of a plane quartic associated to its even theta characteristic M. GIZATULLIN	37
A rationality criterion for projective surfaces - partial solution to Kollár's conjecture J. KEUM	75
The moduli space of 8 points on $\mathbb{P}^1$ and automorphic forms S. KONDŌ	89
Invariants of quartic plane curves as automorphic forms E. LOOIJENGA	107
On correspondences of a K3 surface with itself. II V. V. NIKULIN	121
Automorphisms of hyperkähler manifolds in the view of topological entropy K. OGUIZO	173
K3 surfaces with ten cusps I. SHIMADA and D.-Q. ZHANG	187
Classical Kummer surfaces and Mordell-Weil lattices T. SHIODA	213
Niemeier lattices and K3 groups D.-Q. ZHANG	223
