

Contents

Chapter 1. Introduction	1
Chapter 2. Statement of the results	3
Chapter 3. The associated linear Euler equations (C^∞ coefficients)	7
Chapter 4. Proof of Proposition 3.3 and of Proposition 3.4, and more estimates	35
Chapter 5. The associated linear Euler equations (non- C^∞ coefficients)	47
Chapter 6. Proof of Theorem 2.1, Theorem 2.2, Remark 2.1, Remark 2.2	55
Appendix A. Appendix A: Properties of div, curl in 2D	61
Appendix B. Appendix B: Some properties of functional spaces	67
Appendix C. Appendix C: Some estimates for functions with values in Sobolev spaces	69
Bibliography	71
