Acknowledgments	vi
Introduction	1
Chapter 1. String modules	7
1.1. Recollections on string algebras	7
1.2. $\mathbf{g}$ -vectors and $\tau$ -compatibility for string modules	17
Chapter 2. The non-kissing complex	27
2.1. Blossoming quivers	27
2.2. The non-kissing complex	30
2.3. Non-kissing complexes versus support $\tau$ -tilting complexes	39
Chapter 3. The non-kissing lattice	47
3.1. Some algebraic notions on lattices	47
3.2. Biclosed sets of strings	52
3.3. Lattice congruence on biclosed sets	55
3.4. Biclosed sets of strings versus non-kissing facets	59
3.5. Canonical join-representations in $\mathcal{L}_{\text{nk}}(\bar{Q})$ and the non-friendly complex	67
Chapter 4. The non-kissing associahedron	75
4.1. Recollections on polyhedral geometry	75
4.2. Non-kissing geometry	76
Bibliography	93
