Chapter 1. Introduction	1
Chapter 2. Main Theorem and Preliminary Results	9
2.1. Statement of the main theorem	9
2.2. Preliminary Results	13
Chapter 3. Energy Estimates	51
3.1. Parilinearization and Symmetrization	52
3.2. Normal forms and energy estimates	71
Chapter 4. Uniform Estimates	107
4.1. Semilinear normal forms	107
4.2. From PDEs to ODEs	112
4.3. Analysis of the transport equation and end of the proof	143
Appendix A	163
Appendix B	179
B.1. Some preliminary lemmas	179
B.2. First range of estimates	190
B.3. Last range of estimates	213
B.4. The sharp decay estimate of the Klein-Gordon solution with a Klainerman vector field	227
