

Contents

Preface	vii
Glossary of Notation	ix
1. Local Cohomology Functors	1
2. Local Cohomology of Noetherian Affine Schemes	6
3. Čech Cohomology	11
4. Koszul Complexes and Local Cohomology	22
5. Residues and Local Cohomology for Power Series Rings	35
6. The Cohomology of Projective Schemes	47
7. Duality and Residue Theorems for Projective Space	52
8. Traces, Complementary Modules, and Differents	65
9. The Sheaf of Regular Differential Forms on an Algebraic Variety	81
10. Residues for Algebraic Varieties. Local Duality	89
11. Duality and Residue Theorems for Projective Varieties	100
12. Complete Duality	110
13. Applications of Residues and Duality (Alicia Dickenstein)	115
14. Toric Residues (David A. Cox)	128
Bibliography.....	151
Index.....	155
