The *Journal of Algebraic Geometry*, published quarterly by University Press, Inc., is devoted to the publication of research papers in algebraic geometry, singularity theory, and related subjects such as number theory, commutative algebra, projective geometry, complex geometry, and geometric topology.

Starting with the 2002 subscription, the *Journal of Algebraic Geometry* is available in both electronic and paper delivery. List price is US$393 for electronic + paper delivery, US$363 for electronic only; the price for individuals is US$165 for electronic + paper delivery, US$145 for electronic only. If ordering the paper version, add US$5 for delivery within the United States; US$12 for delivery outside the United States. Subscription renewals are subject to late fees. See `www.ams.org/journal-faq` for more information.

Subscriptions and orders should be addressed to the American Mathematical Society, P.O. Box 845904, Boston, MA 02284-5904 USA. Telephone 1-800-321-4267, Fax (401)-331-3842. All orders must be accompanied by payment, and checks should be made payable to the American Mathematical Society. General correspondence and changes of address should be sent to the American Mathematical Society, 201 Charles Street, Providence, RI 02904-2294 USA.

Instructions for submission of manuscripts are given on the inside back cover of this issue.

Liu, Kefeng, Xiaofeng Sun, and Xiaokui Yang, *Positivity and vanishing theorems for ample vector bundles* 303
McKernan, James, *See* Hacon, Christopher D. 389
Mestre, Jean-François, *Une généralisation d'une construction de Richelot* 575
Mok, Ngaiming, *See* Hong, Jaehyun 333
Morrison, David R., *See* Curto, Carina 599
Nakayama, Chikara, *See* Kato, Kazuya 671
Păun, Mihai, *See* Boucksom, Sébastien 201
Peternell, Thomas, *See* Boucksom, Sébastien 201
Rydh, David, *Existence and properties of geometric quotients* 629
Sato, Kanetomo, *See* Asakura, Masanori 481
Sun, Xiaofeng, *See* Liu, Kefeng 303
To, Wing-Keung, *See* Hwang, Jun-Muk 175
Usui, Sampei, *See* Kato, Kazuya 671
Voisin, Claire, *Abel-Jacobi map, integral Hodge classes and decomposition of the diagonal* 141
Walker, M. E., *See* Cortiñas, G. 13
Weibel, C., *See* Cortiñas, G. 13
Yang, Xiaokui, *See* Liu, Kefeng 303

INFORMATION FOR AUTHORS

Submission of Manuscripts. All manuscripts should be electronically prepared in $\mathcal{A}\mathcal{M}\mathcal{S}$-LaTeX. A PDF file of the manuscript should be sent via email to the Managing Editor or to any member of the Editorial Board. Authors are encouraged to submit manuscripts written in English. An abstract of at least one complete sentence and at most 300 words is required for every paper. The *Journal of Algebraic Geometry* offers free worldwide access to the electronic abstracts. All author names must be in First-Middle-Surname order. A manuscript accepted for publication must be typeset by the author(s) in $\mathcal{A}\mathcal{M}\mathcal{S}$-LaTeX.

Authors should supply email addresses if available and current postal addresses, along with their affiliations, on the last page of the manuscript. To help avoid delays in publication, authors are encouraged to send changes in postal and email addresses to jagquery@ams.org, especially before proof has been sent to authors. Articles are posted after proof is returned from authors and before appearing in an issue. Once an article is posted, author information, such as postal and email addresses, cannot be updated.

To eliminate unnecessary delay or difficulties in printing, authors may be guided by the book *Mathematics into Type*, updated edition, Amer. Math. Soc., 1999.

Footnotes, except a possible acknowledgment of assistance or financial support on the first page, should be avoided by being incorporated into the text, perhaps parenthetically.

References will be published as submitted. For the best presentation, the list of references must be submitted in alphabetical-chronological order; abbreviations of names of journals and references to books should follow the standard form established by Mathematical Reviews. Abbreviations used in bibliographies are accessible from `www.ams.org/msnhtml/serials.pdf`. The following references are two typical examples:

[1] R. Hartshorne, *Algebraic geometry*, Graduate Texts in Mathematics 52, Springer-Verlag, New York, Heidelberg, Berlin, 1977.

[2] N. Hochster and J. L. Roberts, *Rings of invariants of reductive groups acting on regular rings are Cohen-Macaulay*, Adv. Math. **13** (1974) 115–175.

An $\mathcal{A}\mathcal{M}\mathcal{S}$-LaTeX author package has been prepared for the convenience of the author. The author package includes instructions for preparing electronic manuscripts, the *AMS Author Handbook*, samples, and a style file. Authors who make use of these style files from the beginning of the writing process will reduce their own effort. Comprehensive instructions on preparing graphics are available starting from `www.ams.org/jourhtml/authors.html`.

Authors may retrieve an author package for *Journal of Algebraic Geometry* from `www.ams.org/jag/jagauthorpac.html` or via FTP to `ftp.ams.org` (login as `anonymous`, enter your complete email address as password, and type `cd pub/author-info`). The *AMS Author Handbook* and the *Instruction Manual* are available in PDF format from the author package link. The author package can also be obtained free of charge by sending email to `tech-support@ams.org` or from the Publication Division, American Mathematical Society, 201 Charles Street, Providence, RI 02904-2294 USA. When requesting an author package, please specify $\mathcal{A}\mathcal{M}\mathcal{S}$-LaTeX and the publication in which your paper will appear. Please be sure to include your complete email address.

Immediately after a paper has been accepted for publication, the electronically prepared manuscripts (.tex files) should be submitted via the web at `www.ams.org/submit-book-journal/`, sent via email to `pub-submit@ams.org`, or sent on CD to the Electronic Prepress Department, American Mathematical Society, 201 Charles Street, Providence, RI 02904-2294 USA. When submitting electronic manuscripts via email or CD, please include a message indicating that the paper has been accepted for publication in the *Journal of Algebraic Geometry.* The author should also send one hard copy of the final version of the paper to the Managing Editor.

Proofs. Authors receive only one set of proofs for corrections and will be responsible for the expense of making excessive alterations to the original manuscript during the proofreading. Authors will be responsible for adjustments made to artwork not provided in camera-ready form.

Offprints. Offprints are provided free of charge in electronic format. A downloadable and printable PDF version of the published article will be available on the AMS website at `www.ams.org/myoffprints` immediately following each issue's publication date.
