**NOTICE TO AUTHORS**

On account of the increased danger of loss in transit, and of misunderstanding, due to the fact that the printing will be done abroad hereafter, the editors request:

- 1) That all manuscripts be typewritten.
- 2) That authors notice and employ the styles used in selection of type, in arrangement, in headings, in references, etc.
- 3) That a carbon copy with all formulas and corrections be kept by the author. A second carbon copy, to be kept by the editors, would be appreciated.
- 4) That greater care than formerly be exercised in spelling, punctuation, handwritten symbols, etc.

Manuscripts that do not fulfill these requirements, which are intended primarily as a safeguard, may be returned to the authors for revision.
