

## ERRATUM, VOLUME 72

Fred Gross, *On the equation  $f^n + g^n = 1$* , pp. 86–88.

In Theorem 2 the expressions for  $f$  and  $g$  are incorrect and should be:

$$f = \frac{1}{2\varphi} (1 + 3^{-1/2}\varphi'),$$
$$g = \frac{-1}{2\varphi} (1 - 3^{-1/2}\varphi').$$

In line 7 of the proof of Theorem 2  $F$  and  $G$  should be interchanged. That is, it should read

$$F = 4^{1/3}/(f + g) \text{ and } G = 3^{1/2}(f - g)/(f + g).$$
