REPORT OF THE TREASURER

The Treasurer this year again presents to the membership an abridged statement of the Society's financial position, set up in semi-informal narrative style. A copy of the completed Treasurer's Report as submitted to the Trustees and the Council will be sent to any member requesting it from the Treasurer from the Providence office. Moreover, the Treasurer will be happy to answer any questions members may wish to put to him concerning the Society's financial affairs.

Returns on invested funds this year have been at the rate of 4.27% computed on book value after deductions of custodial expense.

AN ACCOUNT OF THE FINANCIAL TRANSACTIONS OF THE SOCIETY
DURING THE FISCAL YEAR ENDED DECEMBER 31, 1970

The Society has two types of receipts: Funds for special purposes and projects, and the General Fund, from which are met the general operating expenses of the organization, including the publication of the Bulletin, the Proceedings, Mathematics of Computation, the Notices, New Publications, Contents of Contemporary Mathematical Journals, Mathematical Reviews, and the Transactions. Income from the sales of and subscriptions to these journals is placed in the General Fund, but in practice is allocated to the expense of the journals themselves. It is so treated in the following presentation:

To meet its general obligation the Society received:
