Manuscript submission. Manuscripts submitted for publication should either be typewritten double spaced or prepared using TEX and the $\mathcal{A}\mathcal{M}\mathcal{S}$-TEX package. Two copies of the manuscript should be sent directly to one of the Editors or to the Assistant to the Editorial Board. The signing of a Copyright Transfer Agreement is a requirement for publication.

Subject classification. Included with the footnotes to the paper, but placed before the first footnote, the subject classification should represent the primary and secondary subjects of the article. A list may be found in the annual subject index of *Mathematical Reviews*, published with the December issue starting in 1990.

Galley proof. When a paper with more than one author has been accepted for publication, only one set of proof will be sent. Joint authors should, therefore, indicate on the original manuscript which of them should receive galley proof in the event that the manuscript is accepted for publication.
