## Journal of the American Mathematical Society

This journal is devoted to research articles of the highest quality in all areas of pure and applied mathematics.

**Subscription information.** The *Journal of the American Mathematical Society* is published quarterly. Subscription prices for Volume 8 (1995) are \$158 list, \$126 institutional member, \$95 individual member. Subscribers outside the United States and India must pay a postage surcharge of \$8; subscribers in India must pay a postage surcharge of \$18. Expedited delivery to destinations in North America \$13; elsewhere \$36.

**Back number information.** For back issues see the *AMS Catalog of Publications*.

Subscriptions and orders should be addressed to the American Mathematical Society, P. O. Box 5904, Boston, MA 02206-5904. *All orders must be accompanied by payment.* Other correspondence should be addressed to P. O. Box 6248, Providence, RI 02940-6248.

**Copying and reprinting.** Material in this journal may be reproduced by any means for educational and scientific purposes without fee or permission with the exception of reproduction by services that collect fees for delivery of documents and provided that the customary acknowledgment of the source is given. This consent does not extend to other kinds of copying for general distribution, for advertising or promotional purposes, or for resale. Requests for permission for commercial use of material should be addressed to the Assistant Director of Production, American Mathematical Society, P. O. Box 6248, Providence, Rhode Island 02940-6248. Requests can also be made by e-mail to [reprint-permission@math.ams.org](mailto:reprint-permission@math.ams.org).

Excluded from these provisions is material in articles for which the author holds copyright. In such cases, requests for permission to use or reprint should be addressed directly to the author(s). (Copyright ownership is indicated in the notice in the lower right-hand corner of the first page of each article.)

---

The *Journal of the American Mathematical Society* is published quarterly by the American Mathematical Society at 201 Charles Street, Providence, RI 02904-2213 and is mailed from Providence, Rhode Island. Second class postage paid at Providence, Rhode Island. Postmaster: Send address changes to Journal of the AMS, American Mathematical Society, P. O. Box 6248, Providence, RI 02940-6248.

## **Editors**

### *Chairman*

William Fulton  
Department of Mathematics  
University of Chicago  
5734 University Avenue  
Chicago, IL 60637-1514

Benedict H. Gross  
Department of Mathematics  
Harvard University  
Cambridge, MA 02138-2901

Andrew Odlyzko  
Room 2C-355  
AT & T Bell Laboratories  
600 Mountain Avenue  
Murray Hill, NJ 07974-2070

Elias M. Stein  
Department of Mathematics  
Princeton University  
Princeton, NJ 08544-1000

Clifford Taubes  
Department of Mathematics  
Harvard University  
Cambridge, MA 02138-2901

## **Associate Editors**

James G. Arthur, University of Toronto  
Alexander Beilinson, Massachusetts Institute of Technology  
Louis Caffarelli, Institute for Advanced Study, Princeton  
Persi Diaconis, Harvard University  
Michael H. Freedman, University of California, San Diego  
Joe Harris, Stanford University  
Dusa McDuff, SUNY at Stony Brook  
Hugh L. Montgomery, University of Michigan  
Marina Ratner, University of California, Berkeley  
Richard Schoen, Stanford University  
Richard Stanley, Massachusetts Institute of Technology  
Gang Tian, Courant Institute, New York University  
W. Hugh Woodin, University of California, Berkeley

## **Assistant to the Editorial Board**

Sarah W. Jaffe  
Department of Mathematics  
Harvard University  
Cambridge, MA 02138

## **Editorial Information**

As of March 31, 1995, the backlog for this journal was approximately 4 issues. This estimate is the result of dividing the number of manuscripts for this journal in the Providence office that have not yet gone to the printer on the above date by the average number of articles per issue over the previous twelve months, reduced by the number of issues published in four months (the time necessary for editing and composing a typical issue).

A Copyright Transfer Agreement is required before a paper will be published in this journal. By submitting a paper to this journal, authors certify that the manuscript has not been submitted to nor is it under consideration for publication by another journal, conference proceedings, or similar publication.

## Information for Authors and Editors

The first page must contain a *descriptive title* that is short, but informative; useless or vague phrases such as “some remarks about” or “concerning” should be avoided. Included with the footnotes to the paper, there should be the 1991 *Mathematics Subject Classification* representing the primary and secondary subjects of the article. This may be followed by a list of *key words and phrases* describing the subject matter of the article and taken from it. A list of the numbers may be found in the annual index of *Mathematical Reviews*, published with the December issue starting in 1990, as well as from the electronic service e-MATH [telnet e-MATH.ams.org (or telnet 130.44.1.100)]. Login and password are e-math]. For journal abbreviations used in bibliographies, see the list of serials in the latest *Mathematical Reviews* annual index. When the manuscript is submitted, authors should supply the editor with electronic addresses if available. These will be printed after the postal address at the end of each article.

Two copies of the paper should be sent directly to one of the Editors and the author should keep one copy.

**T<sub>E</sub>X files available upon request.** Authors may request a copy of the T<sub>E</sub>X files of their papers by sending e-mail to file-request@math.ams.org or by contacting the Editorial Department, American Mathematical Society, P.O. Box 6248, Providence, RI 02940-6248. The request should include the title of the paper, the name(s) of the author(s), the name of the publication in which the paper has or will appear, and the volume and issue numbers if known. The T<sub>E</sub>X file will be sent to the author making the request after the article goes to the printer. If the requestor can receive Internet e-mail, please include the e-mail address to which the file should be sent. Otherwise please indicate a diskette format and postal address to which a disk should be mailed. **Note:** Because T<sub>E</sub>X production at the AMS sometimes requires extra fonts and macros that are not yet publicly available, T<sub>E</sub>X files cannot be guaranteed to run through the author’s version of T<sub>E</sub>X without errors. The AMS regrets that it cannot provide support to eliminate such errors in the author’s T<sub>E</sub>X environment.

**Electronically prepared manuscripts.** The AMS encourages submission of electronically prepared manuscripts in  $\mathcal{A}\mathcal{M}\mathcal{S}$ -T<sub>E</sub>X or  $\mathcal{A}\mathcal{M}\mathcal{S}$ -L<sub>A</sub>T<sub>E</sub>X because properly prepared electronic manuscripts save the author proofreading time and move more quickly through the production process. To this end, the Society has prepared author packages for each AMS publication. Author packages include instructions for preparing electronic manuscripts, the *AMS Author Handbook*, samples, and a style file that generates the particular design specifications of that publication series for both  $\mathcal{A}\mathcal{M}\mathcal{S}$ -T<sub>E</sub>X and  $\mathcal{A}\mathcal{M}\mathcal{S}$ -L<sub>A</sub>T<sub>E</sub>X.

Those authors who make use of these style files from the beginning of the writing process will further reduce their own efforts. Electronically submitted manuscripts prepared in plain T<sub>E</sub>X or L<sub>A</sub>T<sub>E</sub>X are normally not acceptable due to the high amount of technical time required to insure that the file will run properly through the AMS in-house production system. Users of plain T<sub>E</sub>X should have little difficulty learning  $\mathcal{A}\mathcal{M}\mathcal{S}$ -T<sub>E</sub>X, and L<sub>A</sub>T<sub>E</sub>X users will find that  $\mathcal{A}\mathcal{M}\mathcal{S}$ -L<sub>A</sub>T<sub>E</sub>X is the same as L<sub>A</sub>T<sub>E</sub>X with additional commands to simplify the typesetting of mathematics.

Authors with FTP access may retrieve an author package from the Society’s Internet node e-MATH.ams.org (130.44.1.100). For those without FTP

access, the author package can be obtained free of charge by sending e-mail to [pub@math.ams.org](mailto:pub@math.ams.org) (Internet) or from the Publication Division, American Mathematical Society, P.O. Box 6248, Providence, RI 02940-6248. When requesting an author package, please specify  $\mathcal{A}\mathcal{M}\mathcal{S}\text{-T}\mathcal{E}\mathcal{X}$  or  $\mathcal{A}\mathcal{M}\mathcal{S}\text{-L}\mathcal{T}\mathcal{E}\mathcal{X}$  and the publication in which your paper will appear.

At the time of submission, authors should indicate if the paper has been prepared using  $\mathcal{A}\mathcal{M}\mathcal{S}\text{-T}\mathcal{E}\mathcal{X}$  or  $\mathcal{A}\mathcal{M}\mathcal{S}\text{-L}\mathcal{T}\mathcal{E}\mathcal{X}$  and provide the Editor with a paper manuscript that matches the electronic manuscript. The final version of the electronic manuscript should be sent to the Providence office immediately after the paper has been accepted for publication. The author should also send the final version of the paper manuscript to the Editor, who will forward a copy to the Providence office. Editors will require authors to send their electronically prepared manuscripts to the Providence office in a timely fashion. Electronically prepared manuscripts can be sent via e-mail to [pub-submit@math.ams.org](mailto:pub-submit@math.ams.org) (Internet) or on diskette to the Editorial Department, American Mathematical Society, P.O. Box 6248, Providence, RI 02940-6248. When submitting an electronic manuscript, please be sure to include a message indicating in which publication the paper has been accepted. No corrections will be accepted electronically. Authors must mark their changes on their proof copies and return them to the Providence office. Complete instructions on how to submit files are included in the author package.

Any inquiries concerning a paper that has been accepted for publication should be sent directly to the Editorial Department, American Mathematical Society, P. O. Box 6248, Providence, RI 02940-6248.
