1. B. S. Berger & H. McAllister, *A Table of the Modified Bessel Functions $K_n(x)$ and $I_n(x)$ to at Least 60S for $n = 0, 1$ and $x = 1, 2, \ldots, 40$, ms. in UMT file.* (See Math. Comp., v. 24, 1970, p. 488, RMT 34.)

On p. 81, in Eq. (11) of Section 2.4 the second factor in the left member should read

$$b^{2v}F\left(-v, \frac{1}{2}x - \frac{1}{2}\beta - \frac{1}{2}v; 1 + \frac{1}{2}\beta + \frac{1}{2}x - \frac{1}{2}v; \frac{a^2}{b^2}\right)$$

instead of

$$F\left(-v, \frac{1}{2}x - \frac{1}{2}\beta - \frac{1}{2}v; 1 + \frac{1}{2}\beta + \frac{1}{2}x - \frac{1}{2}v; \frac{a^2}{b^2}\right).$$

H. SATOH

Gunma University
Kiryu, Gunma, Japan

On p. 133, in formula 334.3c the denominator of the coefficient appearing in the summation on the right side should read $a^2 + 4v^2b^2$, instead of $a^4 + 4v^2b^2$.

HARRY H. DENMAN

Department of Physics
Wayne State University
Detroit, Michigan 48202

On p. 165, 1. 4, for $\pi$, read $2\pi$, and in 1. 6, replace 3 1415926535898732 by 6 2831853071795865.

The author has communicated the following major corrections in Table 1 on p. 417: the entries 361 and 689 should be deleted and three additional entries, namely, 165, 561, and 645, should be inserted.

J. W. W.

On p. 197 the vertical line in the right figure is erroneously marked $u = 0$ rather than $u = \frac{1}{2}$.
