CALL FOR PAPERS

QUARTERLY OF APPLIED MATHEMATICS
Online ISSN 1552-4485; Print ISSN 0033-569X

The Quarterly of Applied Mathematics publishes original papers in all areas of applied mathematics. It is expected that each paper will be of a high scientific standard, that the presentation will be clear, and that the paper will combine mathematics with scientific problems of current interest.

In accordance with their general policy, the Editors particularly welcome contributions which will be of interest both to mathematicians and to scientists or engineers.

The journal is published quarterly by Brown University, with articles electronically published individually before appearing in an issue, and is distributed by the American Mathematical Society (AMS).

To view past issues and find detailed submission instructions, visit [www.ams.org/qam](http://www.ams.org/qam).

Indexing: This journal is indexed in Mathematical Reviews®, Zentralblatt MATH, Science Citation Index®, Science Citation Index®—Expanded, ISI Alerting ServicesSM, CompuMath Citation Index®, and Current Contents®/Engineering, Computing & Technology. It is also indexed by Applied Science & Technology Index and abstracted by Applied Science & Technology Abstracts.
