

BECOME AN AMS LIFE MEMBER TODAY

“My AMS membership has been a passport to the broad world of mathematics, particularly through Society-sponsored meetings and publications. I still remember well my first professional presentation as a graduate student, at an AMS Sectional Meeting, and the thrill it brought through the realization that this really was a community in which I could survive and thrive. As a Native American, I have also deeply appreciated the AMS’s support for broadening participation in the mathematical sciences... I believe that my AMS life membership has been a terrific investment whose professional dividends have paid for itself many times over.” – **Robert Megginson**

“My favorite part of being a Life Member of the AMS is reading the Notices each month. I feel it keeps me connected to the mathematics community.” – **Catherine A. Roberts**

“I cannot imagine my professional life without the AMS; that’s why I became a Life Member almost ten years ago. From regional meetings, research institutes, important books and periodicals and MathSciNet® to advocacy for mathematical research and education, the American Mathematical Society has given me a constant connection to all aspects of the mathematical enterprise.” – **Susan Jane Colley**

“My experiences with the AMS were always pleasant, informative, and, always with the best mathematical presentation...I have nothing but pleasant memories about them.” – **V. S. Varadarajan**
