

CALL FOR NOMINATIONS

AMS Award for *Mathematics Programs that Make a Difference*

Deadline: September 15, 2016

This award was established in 2005 in response to a recommendation from the AMS's Committee on the Profession that the AMS compile and publish a series of profiles of programs that:

1. aim to bring more persons from underrepresented backgrounds into some portion of the pipeline beginning at the undergraduate level and leading to advanced degrees in mathematics and professional success, or retain them once in the pipeline;
2. have achieved documentable success in doing so; and
3. are replicable models.

Preference will be given to programs with significant participation by underrepresented minorities.

One or two programs are highlighted annually.

Nomination process: Letters of nomination may be submitted by one or more individuals.

Nomination of the writer's own program or department is permitted. The nomination should describe the specific program which is being nominated as well as the achievements that make the program an outstanding success. The letter of nomination should not exceed two pages, with supporting documentation not to exceed three more pages. Up to three supporting letters may be included in addition to these five pages.

Send nominations to:

Programs that Make a Difference
c/o Associate Executive Director, Meetings and Professional Services
American Mathematical Society
201 Charles Street
Providence, RI 02904
or via email to AED-MPS@ams.org

Recent Winners:

2016: Department of Mathematics, Morehouse College

2015: Pacific Coast Undergraduate Math Conference (PCUMC);
Center for Undergraduate Research in Mathematics (CURM)

2014: Carleton College Summer Math Program;
Rice University Summer Institute of Statistics

2013: Nebraska Conference for Undergraduate Women in Mathematics (NCUWM)

2012: Mathematical Sciences Research Institute
