Start an
AMS Graduate Student Chapter
at your institution

AMS Graduate Student Chapters are designed to generate interest in the mathematical sciences and encourage students in their mathematical pursuits by providing them with new opportunities and experiences.

Suggested deadline to submit petition: October 1st

The AMS provides $500 annually for mathematical activities. Visit www.ams.org/studentchapters for information on how to submit a petition for your institution to become a chapter.

Network and discover career opportunities · Find opportunities for community outreach

Sponsor social functions for the mathematical community · Collaborate with fellow students & faculty
